Inst. No. 3285-V Dy 19 Dec 79

Deputy Assistant Commissary General

The Secretary to the Government of India Public Works Department

Sir,

The maintenance establishment sanctioned for this year for the Superintendent of Canals and Overseers [illegible] I think the establishment may be reduced as suggested — Two Mistries should be added if needed by the Superintendent

No 3285 W P. W. Department.

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the 19th Dec 1879

READ the following

From,

The Supg Engr 3d Circle (No. 6977 of 27 Novr 1879)

The Estimate amounting to Rupees 1925 for Side Guage operations in connection with the preparation of complete Estimates for the Buckingham Canal is sanctioned.

The amount will form a portion of the Estimate for the entire project.

2. The Superintending Engineer will report whether

Mr

Mr

Mr

I should myself leave
to based upon such
registration as the very
first step to be taken
in deciding on a work
of this kind, and I feel
convinced that this is
a point to which the
Govt. of India will take
exception if the information
is incomplete — In fact
I shall not be enabled
to say that I have
satisfactorily checked
the Estimate unless
I have this evidence
to go upon

The expense Rs 1925
is not large and should
be charged off to the
"Preliminary Expenses"
of the complete Estimate
which will be framed
by Capetown Andrew when
he has completed the
Surveys and Sections

I have no wish to
charge the outturn
with this head to

"maintenance" the
amount under which
as observed by this
Office does specifically
to the upkeep of the
work not to surveys
or investigations which
will form part of the
Capital Charge

P. W. SECRETARIAT—1879-80.

KEEP-WITH.

Current No. 8561

Letter No. 6977

Dated the 27th Nov. 1879

from the Supt: Engr. 3rd Circle.

Note of remarks.

The Est. for Grass Establishment, Temporary Sheds &c for accommodation of Grass Contractors along Buckingham Canal, Amounts to Rs: 1925-

The cost of a viss of lamp oil at Madras varies from 6 to 6½ Annas per viss, & if the Est. should be corrected accordingly, there will be a saving of Rs: 36-

The Est. has been read & corrected in pencil.

Sir.

Enc 1.

I have the honor to inform you that an Establishment consisting of 14 Gumastas and 14 Peons is necessary for registering Tide and Flood along the Buckingham Canal for the purpose of obtaining information regarding Tides required as the basis for framing the Estimate for the entire Canal. Registers have been already kept from the 1st April 1879 at two of the stations viz Kandalaroo and Pennair, and the other 12 Registering Stations have been opened from the 1st October 1879 at the places named

named in the margin. The cost of this Establishment including sheds and other contingent expenses for the current year amount to Rs 1925 as per enclosed estimate

and as the amount is too large to be met from the maintenance grant, I beg that sanction may be accorded to the enclosed estimate and the necessary funds appropriated towards it at an early date.

I have the honor to be
Sir
Your most obedient servant
