GOVERNMENT OF MADRAS
PUBLIC WORKS DEPARTMENT.

20th December 1879, No. 3,296 W.

General
Establishment.

Read the following paper:—

No. 91. From Major H. M. VIBART, R.E., Acting Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 19th December 1879, No. 7,387.

I HAVE the honor to request the favor of early instructions on the following points in reference to the re-arrangements now in progress.

2. In paragraph 9 of G.O., No. 2,522 W. dated 7th October 1879, the abandonment of certain areas has been approved. It has not been decided to whom the irrigation works in the abandoned taluks are to be transferred. I request to be informed whether these are to be handed over to the Revenue Department. If so it will be necessary that orders should be issued to the several Collectors on the subject.

3. Again, with regard to paragraph 10 of the above Government Order, it is necessary also that instructions should be issued to the several local Heads of Departments to take charge of such works of ordinary repairs to buildings, or the construction of petty or temporary buildings, as the Public Works Department will hand over to them. Lists of the works to be handed over are now under preparation, and I request to be informed whether instructions have been already issued to Heads of Departments on the matter, as, if not, there will probably be some difficulty about their taking charge of the works.

4. With regard to Office establishments, I request to be informed whether the proposed scale of establishment, as per statement No. 1, submitted with my No. 6,742, dated 15th November 1879, may be brought into force from the 1st proximo, and, if so, how the men warned for discharge at the pleasure of Government as per statement No. II, submitted with the letter above quoted, are to be disposed of from that date.

No. 92. ORDER THEREON, 20th December 1879, No. 3,296 W.

No further orders are necessary regarding the transfer of Local Fund and minor irrigation works to the departments concerned. Proceedings of Government, No. 2,522 W., of the 7th October 1879, were duly communicated to the Revenue and Financial Departments, and the details of the transfer must be discussed between and settled by the Superintending Engineer and the Collectors and Presidents concerned.

2. With regard to the fourth paragraph of the Superintending Engineer's letter, the individuals named in List No. III, submitted with Major Vibart's previous letter, will be discharged from the 31st instant. List No. II will be at once printed and circulated to Local Fund Boards and Government Departments, with a view to obtaining employment for as many as possible of those included in it, but they must be warned that Government do not undertake to retain their services in the Public Works Department after the 31st January next.

3. The scale of establishment proposed in List No. I is generally approved, subject to such modifications as may hereafter be made in the establishment of the Superintending Engineer's Office, and may be brought into force from the 1st January next.

3rd Circle Superintending Engineer's Office.
Chepauk 19th December 1879.

From

The Superintending Engineer
3rd Circle,

To
The Chief Engineer
Public Works Department.

Sir,

I have the honor to request the favor of early instructions on the following points in reference to the re-arrangements now in progress.

2. In Para 9 of G. O. No. 25224, dated 7th October 1879, the abandonment of certain areas has been approved. It has not been decided to whom the Irrigation works in the abandoned Taluqs are to be transferred. I request to be informed whether these are to be handed over to the Revenue Department. If so it will be necessary that orders should be issued to the several Collectors on the subject.

3. Again with regard to para 10 of the above G. O. it is necessary also that instructions should be

issued to the several local Heads
of Departments. to take charge of such
works of ordinary repairs to Buildings
or the construction of petty or tem-
-porary buildings - as the Public
Works Department will hand over
to them. Lists of the works to be
handed over are now under pre-
-paration and I request to be in-
-formed whether instructions have
been already issued to Heads of
Departments on the matter - as if
not there will probably be some
difficulty about their taking
charge of the works.

4. With regard to office esta-
-blishments I request to be informed
whether the proposed scale of esta-
-blishment as per Statement No I
submitted with my No 6742 dated
15th November 1879, may be brought
into force from the 1st Proximo and
if so - how the men warned for
discharge at the pleasure of
Government as per Statement No II
submitted with the letter above
quoted are to be disposed

of

of from that date.

I have the honor to be
Sir

Your most obedient servant

Wm. P. P. P.
