The Chief Engineer
Public Works Department.

Sir,

I have the honor to inform you that the Executive Officer — Buckingham Canal Division has brought to my notice that Boatowners have represented to him the considerable hardship that would be entailed on them by the enforcement of payment of the License Fees for the year 1880 — in one lump — as the fees will amount to large sums, especially those on the larger vessels, which have to pay at the rate of Rs 2 per Ton. The Exec. Officer suggests therefore that the fees as solicited by the Boatowners be collected quarterly — though there will be some inconvenience attending this arrangement — and states that he will take steps to ensure the recovery of the fees in quarterly instalments, without risk of evasion, as far as practicable. As the rules are now for the first

first time to be brought into force
for the full year, I would recom-
mend the trial of the concession
suggested by the Engr. Officer for the year
1880.

I have the honor to be
Sir

Your obedient servant

Arthur Sibbald, R.E.,
Major, R.E.,
As Supg. Engineer, B. Canal.
