No 7313.

3^d Circle Superintending Engineer's Office
Chepauk 17th December 1879.

From

The Superintending Engineer
3^d Circle.

To

The Chief Engineer
Public Works Department.

Sir,

I have the honor to request information on the following point.

Under the Rules for the Navigation of the Buckingham Canal, a Boat licensed (for instance) for Section C. pays toll on entering Section D and after several days without going further than Section D. returns to its license Section C. Is the Boat to be allowed to pass into Section C without paying for its use of Section D, in returning?

2. There is nothing in the Rules specifying the time for which the toll paid for entering an unlicensed section holds good. But I am of opinion that the toll so paid

should, as in the case of Tolls paid
on Roads, be considered to hold good
for a certain period only, and that
all Boats returning beyond this
time should pay toll on re-enter-
ing their respective sections.

3. As cases of the kind above
alluded to are constantly occurring
I request early instructions on
the matter.

I have the honor to be
Sir

Your most obedient servant

Henry M. Sweet Major Q.
Adj. Sup. Engineer 3^d Circle.

* 5 days would
be ample if
4 days for
going and
returning and
1 day for
unloading and
loading.

But I think

give at

least 10

clear days

PROCEEDINGS of the MADRAS GOVERNMENT.

Under date the *22^d Decr/79* READ the following

From
The Supg. Engineer Third Circle } *(H.C. No 7313 d/17th December 1879)*

The Government concur in the Superintending Engineer's opinion but consider that the toll should hold good for at least ten clear days, after which returning boats should pay toll on re-entering their respective sections.
