REVENUE DEPARTMENT.

31st July 1879, No. 1,591.

No. 451. READ THE FOLLOWING PAPER:—

Proceedings of the Board of Revenue, dated 5th July 1879, No. 1,952.

Read the following letters:—

From the Collector of Vizagapatam,	dated 6th May	1879, No. 11.
" " of Godavari,	" 17th "	" " 118.
" " of Kistna,	" 25th April	" " 902.
" " of Nellore,	" 28th "	" " 1,398.
" " of South Arcot,	" 7th May	" " 179.
" " of Tanjore,	" 20th "	" " 1,847.
" " of Madura,	" 15th "	" " 193.
" " of Tinnevely,	" 23rd June	" " 408.
" " of South Canara,	" 10th "	" " 1,010.
" " of Malabar,	" 5th "	" " 47.
" " of Sea Customs, Madras,	dated 22nd April 1879, No. 738.	

THE above are the replies of the Collectors of Maritime Districts, except Ganjam, to the letter from the Government of India, dated 26th February 1879, No. 147, inquiring whether there will be any difficulty in obtaining complete and prompt information regarding the imports and exports of Government stores in the detail prescribed in the list therewith communicated. The Collector of Ganjam has not replied, but the Board think it unnecessary to defer their report any longer on this account.

2. It is not anticipated that there will be any difficulty in obtaining the information required, but the Board do not think that the delay now experienced in obtaining complete information in regard to Government stores, will be materially diminished by the adoption of the list, as the articles omitted are generally those in which there is not much trade. They are of opinion that the list might be still further simplified by reducing the number of particulars under some of the major heads, such as Cotton, Flax, Liquors, and Metals, which the Heads of Departments now find it difficult to distinguish.

4. The Collector of Sea Customs, Madras, suggests that the heading "Treasure" should be retained in the list. The Board support the proposal, as otherwise the article may be altogether omitted from the returns.

2. It is not anticipated that there will be any difficulty in obtaining the information required, but the Board do not think that the delay now experienced in obtaining complete information in regard to Government stores, will be materially diminished by the adoption of the list, as the articles omitted are generally those in which there is not much trade. They are of opinion that the list might be still further simplified by reducing the number of particulars under some of the major heads, such as Cotton, Flax, Liquors, and Metals, which the Heads of Departments now find it difficult to distinguish.

4. The Collector of Sea Customs, Madras, suggests that the heading "Treasure" should be retained in the list. The Board support the proposal, as otherwise the article may be altogether omitted from the returns.

In continuation of the Circular, dated the 26th February last, No. 147-150 (Statistics), I am directed to request that arrangements may be made for the adoption of the list of articles therewith transmitted, for the record of the import and export of Government stores, in the monthly returns and annual accounts of the foreign sea-borne trade, it having been ascertained by the Government of India that there will be no difficulty in obtaining the information in the details prescribed in this list. Treasure will, of course, continue to be exhibited in the accounts under the sub-heads of Gold and Silver.

3. As a general rule, the departments which land and ship stores are unable at the time of import or export to furnish the Custom House with a detailed description of the stores, and their quantity and value. All that they need be required to do at this time is to give the number of packages, a general description of the goods, the name of the vessel conveying the stores, and the port from or to which they have been imported or are to be exported. These particulars should be entered by the Customs Department in a register for the purpose of securing subsequently the complete details needed for the trade accounts.

4. These details should be furnished to the Customs Department, as early as practicable, in a monthly statement of the stores landed and shipped by or for each department of Government. In Calcutta such statements are at present sent to the Collector of Customs by the Examiner of Medical Accounts and by the Commissariat Department; and in Bombay the Accountant-General furnishes the Customs Department with the accounts of stores imported. Ordinarily the returns for any month ought to be furnished within a week after the expiry of the month. In the case of articles received from England, the receipt of the invoice from the Store Department will have to be awaited. It has been explained by the Director-General of Stores at the India Office, that he is unable to prepare the invoices early enough for them to reach India as soon as the stores, but that they are sent with the greatest possible expedition.
