No. 51. ORDER THEREON, 5th November 1879, No. 2,769 W.

IN the orders quoted in the margin restricting expenditure on Public Works during 1879-80, Superintending Engineers were requested to furnish complete information in regard to the works which it was considered absolutely necessary to carry out, as well as those which could be deferred without loss or inconvenience, with a view of ascertaining more precisely what savings could be effected in the budget provisions made for works and repairs from Imperial and Provincial Funds during the current official year.

Memorandum No. 1,692, dated 7th May 1879.
G.O., No. 1,322-AW., ,, 8th ,, ,,
,, ,, 1,341 W., ,, 10th ,, ,,
,, ,, 1,470 W., ,, 28th ,, ,,

2. With the letters above recorded the Superintending Engineers furnish the information required.

3. *Imperial,* Military, Original Works.*—Under this head appropriations appear for sixteen works in the final issue of the budget. Of these Nos. 1, 3, and 5 to 13 are unconditionally surrendered by the Superintending Engineers.

* *Vide* Appendix A.

Item 2.—Provision to the extent of Rs. 8,802 is absolutely necessary as the amount is required on account of work executed before the receipt of the restrictive orders.

Item 4.—The sum of Rs. 500 has been substituted for the original provision of Rs. 7,000 made in the budget, this amount being required for the construction of a temporary latrine pending the sanction of Government to a standard plan for works of this class.

Items 5 and 6.—The Superintending Engineer states that the Superintendent of the Gun Powder Factory considers these works very desirable to be proceeded with, as they are essential for the proper working of the incorporating mills. The provision has, however, been disallowed with reference to the Proceedings of Government in the Military Department, No. 3,372, dated 24th June 1879, (Public Works G.O., No. 1,864 W., dated 15th July 1879,) in which His Grace the Governor in Council stated his inability to make an appropriation for these buildings during the current official year, remarking that the present mills appear to be able to make a sufficient supply, and that the work has been forwarded by famine labor beyond what was anticipated. Moreover, no estimate has been sanctioned for Item 6, the Superintending Engineer stating that it is still under preparation.

Item 14.—Rs. 2,500 have been applied for on account of this item as the Remount Agent considers the work most urgent.

Item 15.—The appropriation for this work was disallowed in G.O., Military Department, No. 3,045,† dated 7th June 1879. The Superintending Engineer, however, reports that Rs. 835 have already been expended in collecting materials for the road, and suggests that the materials be utilised in constructing the portion of road from A to B on the plan referred to in his letter printed with G.O., No. 3,045, the total cost of which, including the amount already paid for materials, is estimated to amount to Rs. 1,170. As the proposed work is not considered essential the amount applied for is disallowed.

† Communicated with G.O., Public Works Department, No. 1,662 W., dated 19th June 1879.

Item 16.—The full amount of the budget provision is stated to be required for this work as the General Commanding the Division desires that it should be undertaken. The amount has, however, been disallowed in the absence of information as to the absolute necessity for carrying out the work. The Superintending Engineer will report further on this point after communication with the local Military Authorities.

4. Item No. 17.—It having been decided in G.O., No. 1,763 W., dated 4th July 1879, to withdraw the entire minor works grant placed at the disposal of the Officers Commanding the several Divisions of the Presidency, Superintending Engineers were asked to report what appropriations, if any, had already been made from these grants. Their reports show that Rs. 3,442 have been appropriated, leaving a balance of Rs. 16,058 to be transferred to the credit of the Reserve.

5. The net amount thus surrendered or withdrawn under Imperial, Military, Original Works is Rs. 1,99,256,‡ which added to the Reserve§ already at the disposal of Government aggregates Rs. 2,28,152.

‡ *Vide* Appendix F.

§ Rs. 28,896.

6. In addition to the special appropriations sanctioned‖ since the issue of the restrictive orders and those provided¶ for incomplete works of 1878-79, a sum of Rs. 3,528 is now provided to meet liabilities already incurred in connection with the following works:—

‖ *Vide* Appendix B.

7. *Imperial Civil Buildings, Original Works, Postal and Telegraph.*—The specific provisions made for the Post Offices at Kotagherry and Ootacamund in the budget have been cancelled on receipt of letter from the Government of India printed with G.O., No. 1,597 W., dated 14th June 1879. By that letter the provision for postal works has been reduced to Rs. 9,000. This provision is intended for minor works alone, and will be treated accordingly. It has since been decided to defer the work of constructing the combined Post and Telegraph Office at Ootacamund until 1880-81. The necessity for the Kotagherry Post Office is stated in the Superintending Engineer's letter No. 393, dated 16th June 1879, to be very urgent, but as the Government of India have virtually disallowed the original budget provision, this Government regrets its inability to do anything further in the matter. As regards the combined Post and Telegraph Office at Madras the Government of India in their marginal letter sanctioned a provision of Rs. 10,000 during the current year, but as the Consulting Architect reports that Rs. 7,500 only will be required to meet the outlay for 1879-80, that amount has been equally divided between the two departments, the balance being credited to the Reserve at the disposal of Government. Appropriation to the extent of Rs. 5,517 have been sinc made from the provision for Minor Works Postal. Out of the provision (Rs. 3,000 for Minor Works, Telegraph, Rs. 980 have been provided in G.O., No. 1,575 W., dated 11th June, and No. 2,005 W., of 31st July 1879.

8. Salt Nos. 25, 26, 29, 30, 31, 32, 34, 35, and 38 to 40 have been surrendered. Items 27 and 28 are stated to be very much needed by the Salt Police Department, the old lines being in a very bad state of repair. Provision for these two has accordingly been allowed. Item No. 33, Rs. 4,000 for the Buckingham Canal, is stated to be required, as the Salt Department has requested that immediate action be taken in the matter, the bar being closed. This amount has also been allowed. It should, however, be understood that no expenditure is to be incurred until an estimate for the work is sanctioned by Government.

As regards Items 36 and 37 the Superintending Engineer states that the Salt Commissioner attaches great importance to the construction of the Police huts at Vedarniem and Kuthimavady. Under these circumstances the items have been

allowed to stand, but it should be understood that no expenditure is to be incurred until a report is received from the Salt Commissioner as to the absolute necessity for undertaking the works during the current official year. Out of the grant for Minor Works Rs. 3,750 have been appropriated.

9. *Miscellaneous Public Improvements.*—Items 42 and 43 have been unconditionally surrendered. Out of the grant for Minor Works Rs. 233 have been appropriated in G.O., No. 2,005 W., dated 31st July 1879, and Rs. 130 transferred to Repairs in G.O., No. 2,375 W., of 17th September 1879.

10. The net amount thus transferred to the Reserve under Original Works, Other Services, is Rs. 71,352.* This amount added to the Reserve† already at the disposal of Government aggregates Rs. 83,645.

* *Vide* Appendix F.

	Rs.
† Postal	3,483

11. *Repairs, Military.*—The demands under this head are large. Out of a total grant of Rs. 2,72,014,‡ Rs. 2,01,670 appear to be required, the balance, Rs. 70,344, being surrendered. This amount added to the Reserve already at the disposal of Government leaves an available balance of Rs. 73,330.§

‡ Exclusive of Rs. 2,986 reserved with Government.

§ *Vide* Appendix F.

12. Under Repairs, Civil Buildings, a sum of Rs. 3,540‖ has been surrendered out of a total grant of Rs. 12,050. The amount surrendered added to the Reserve already at the disposal of Government will stand at Rs. 4,821.¶

¶ *Vide* Appendix F.

The amounts referred to in paragraphs 9 and 10 above are stated to be required for the execution of repairs that are emergent or otherwise absolutely necessary. Superintending Engineers will, however, be particularly careful to see that no expenditure which can possibly be avoided is incurred on repairs.

13. Under Miscellaneous Public Improvements, Repairs, Rs. 300 have been surrendered out of a grant of Rs. 2,000, the balance** having been appropriated to Works.

** *Vide* Appendix F.

14. The total sum thus surrendered or withdrawn and credited to the Reserve under all the service heads under Imperial is 3,44,792.†† Taking into account the Reserve already at the disposal of Government, the gross available balance will stand at Rs. 3,86,720. Of this amount Rs. 3 lakhs will be surrendered to the Government of India, leaving a Reserve of Rs. 86,720 at the disposal of this Government.

†† *Vide* Appendix F.

15. Under Provincial‡‡ appropriations are stated to be required for the following items: Nos. 3 to 7, 10, 15, 26, 27, 37, 40, 41, 45, 47, 49, 50, 52, 57, 59, 65, 68, 71, 72, and 73.

‡‡ *Vide* Appendix C.

Of these works Nos. 3, 4, 7, 10, 40, 41, 45, 47, 57, 59, 65, and 68 were exempted from the restrictive orders.—*Vide* paragraph 6 of memorandum No. 1,692, dated 7th May 1879.

Item 3.—The entire amount appropriated together with an additional sum of Rs. 1,652 provided in G.O., No. 1,200 W., dated 22nd April 1879, is stated to be required for expenditure on the work, the need of which in connection with the Currency Department is urgent. No. 10 is an incomplete work requiring Rs. 2,300 to complete.

Item 39.—The Inspector-General of Jails reports in his No. 135, dated 18th June 1879, that this work can be postponed without inconvenience. The amount of appropriation has accordingly been cancelled.

Item 41.—The sum of Rs. 4,000 has been provided to meet what is absolutely necessary. Special application should be made for such further funds as may be urgently needed.

Item 45.—The Superintending Engineer applies for Rs. 23,000 for this item; but in circular memorandum No. 152 of the 29th July he has been informed that only Rs. 15,000 can be allowed during the current year. Separate orders have, however, been subsequently issued increasing the year's appropriation.

It is observed that the assignment of Rs. 11,839 in the Special Fund Budget on account of this work has been withdrawn.

Items 44 and 46.—These items have been removed altogether from the Provincial Budget, funds having been provided for the purpose in the Special Fund Budget for 1879-80.—*Vide* paragraph 4 of G.O., No. 813 W., dated 18th March 1879.

Item No. 47.—The budget provision is Rs. 700, which is required to complete the work. A further sum of Rs. 386 has been appropriated in G.O., No. 1,458 W., dated 27th May 1879, making in all Rs. 1,086.

No. 65 is being continued under the authority of paragraph 6 of circular memorandum No. 1,692, dated 7th May 1879, and the full amount of the budget appropriations has accordingly been assigned in the statements under review, while for Nos. 57, 59, and 68 the reduced amounts provided in circular memorandum of the 29th July have been entered.

The Superintending Engineer, Third Circle, will now report specifically as to the necessity for carrying on No. 65 during the current official year.

No. 63 has been surrendered by the Superintending Engineer. As was intimated in the circular above mentioned Government had determined to withdraw the appropriation.

As regards the other works which were ordered* to be stopped, but for which appropriations are stated to be required, the Superintending Engineer remarks with reference to No. 5 that an extra room is urgently needed by the Collector for his records, and that Rupees 800 will probably be required for it.

* *Vide* memorandum No. 1,692, dated 7th May 1879.

Item 15.—That the work has been given out on contract and the materials have been ordered, and that the work is of an emergent nature.

Item 26.—Has already been spent.

Item 27†.—Rupees 20,000 are required for completing the work referred to in paragraph 8 of memorandum No. 1,692, dated 7th May 1879.

† Norwood buildings, Government House.

Item No. 37.—This amount was provided for reconstructing a portion of St. Patrick's Church at Bangalore as compensation to the Ecclesiastical Authorities for the non-payment of rent due for sittings used by troops for past years and for the future.—*Vide* G.O., No. 592 W., dated 25th February 1879, and No. 983 W., dated 1st April 1879.

The budget provision has been reduced to Rupees 7,760.—*Vide* G.O., No. 919 W., dated 27th March 1879.

Item 49.—The want of some additional accommodation in the Police Office at Nellore has been felt for several years past. The Superintendent has no private room where he can receive confidential communications, and there is no place for locking up records.

Item 50.—The Superintendent of Police considers this work to be very urgent.

Item 52.—Represents several small items making up an aggregate of Rs. 17,928,‡ which is stated to be absolutely required for Police works.

‡ *Vide* Appendix E.

Item 71.—This amount has been long due on account of compensation for land taken up for the trunk road§ from Tuni to Chettivalsa and the owners are pressing for payment. The budget provides

§ *Vide* G.O., No. 38 W., dated 6th September 1877.

Rupees 23,146, but a further sum of Rupees 875 is stated to be necessary, and this has accordingly been given from the Reserve at the disposal of Government.

Item No. 72.—This amount which represents compensation due for land taken up for roads in the Zemindari of Kalastri has been surrendered by the Superintending Engineer. The amount is, however, due to the Zemindar and must be paid.—*Vide* paragraph 5 of Proceedings No. 1,370 W., dated 16th March 1879.

Item 73.—This amount is the yearly refund to the extraordinary grant on account of the Madras water-supply project—a mere adjustment entry.

Item 6.—The sum of Rs. 20,000 provided* for the purchase of a building at Masulipatam for the residence of the Collector has been proposed to be surrendered by the Superintending Engineer, but the purchase has apparently been completed, and the money is therefore required.

* *Vide* G.O., Judicial Department, No. 89, dated 17th January 1879, and G.O., Public Works Department, No. 323 W., dated 29th January 1879.

With the above exceptions all items under Provincial specifically provided for in the budget have been withdrawn and taken towards making up the available balance (Rs. 4,93,644) referred to in the concluding portion of paragraph 18 following.

16. As regards Minor Works and Repairs, the Superintending Engineers state that the amounts entered as required are absolutely necessary. The same restrictions will, however, be understood to apply here as in the case of Repairs, Imperial.—*Vide* paragraph 11 above.

17. The total amount thus surrendered or withdrawn and credited to the Reserve under Provincial amounts to Rs. 4,93,182.† Taking into account the reserve already at the disposal of Government the gross available balance will stand at Rs. 5,27,167.

† *Vide* Appendix G.

18. In addition to the special appropriations sanctioned‡ since the issue of the restrictive orders and those provided§ for incomplete works of 1878-79, a further sum of Rs. 33,523 is provided to meet urgent demands in the First and Third Circles :—

The available balance under Provincial will thus be reduced to Rs. 4,93,644 ; of this sum Rs. 2,00,000 will be surrendered and the balance Rs. 2,93,644 retained as a reserve at the disposal of Government.

19. *Tools and Plant.*—Under this head, the information furnished in regard to their requirements being very vague, the Superintending Engineers will be requested to apply specially for such funds as may be required giving full explanation in each case. The Superintendents of the Dowlaishvaram and Presidency Workshops will report how much will actually be required on account of increase to capital, having in view the existing restrictions on expenditure.

The Examiner, Public Works Accounts, will report how much of the sum of Rs. 3,000 is actually required by him for expenditure on office furniture during the current official year. No outlay whatever should be incurred under this head* without the special sanction of Government in each case.

* Tools and Plant.

20. Separate orders will be passed in regard to establishments.

21. It should be understood that Superintending Engineers are at liberty to authorise expenditure on such items as have been allowed in these orders, but on no others, any outlay incurred in the latter case entailing personal responsibility on the officers concerned.

Read again the following :—

No. 35. Proceedings of the Madras Government in the Public Works Department, dated 16th May 1879, No. 1,382 W.

Read also the following :—

No. 35-A. From Major A. FILGATE, R.E., Officiating Deputy Secretary to the Government of India, Public Works Department, (Account—General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 5th June 1879, No. 234 A.—G.

IN supersession of the request made in Budget Orders, I am directed to state that the final issue of the Imperial Public Works Budget Estimate for Buildings and Roads for 1879-80 may be rendered to the Government of India in the form at present in use. Endeavours should be made to send in the requisite number of copies, viz., thirty, without delay.

No. 36. ORDER THEREON, 8th July 1879, No. 1,791 W.

ORDERED that the final issue of the Imperial Buildings and Roads Budget Estimate for 1879-80 be struck off, and the Government of India be supplied with thirty copies thereof.

2. The Superintending Engineer, Fourth Circle, having reported* that the appropriation of Rupees 3,000 made in the preliminary issue of the Budget for the bath-rooms to wash-houses at Wellington was not required, as the work had already been constructed, that amount has accordingly been omitted from the final issue, and credited to the Reserve.

Establishment	19,609
Tools and Plant	1,961
Total ...	1,00,000

4. In addition to the special appropriation noted above, the revised grant† for Postal works is Rupees 9,000, thereby causing a reduction of Rupees 4,000 under Works and proportionate reductions in the grants for Establishment and Tools and Plant. This amount is to be expended on minor works only. The provision
