GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

4th February 1879, No. 368 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 34. From Major S. C. CLARKE, R.E., Acting Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated St. Thomas' Mount, 27th January 1879, No. 374.

With reference to G.O., No. 4,767 W, of 16th December 1878, I have the honor to forward, for the sanction of Government and an allotment of funds, an estimate, amounting to Rupees 2,550, for opening the bar, &c., at Covelong, which has been countersigned by the Commissioner of Salt Revenue.

2. The Executive Engineer, Buckingham Canal, reports that the bar at Ennore still remains open.

No. 35. ORDER THEREON, 4th February 1879, No. 368 W.

The estimate of Rupees 2,550 for opening the bar and constructing a temporary, groyne at Covelong is sanctioned.

2. The Salt Commissioner's attention is called to G.O., No. 4,767 W, of 16th December 1878, regarding the provision of funds for this work.

3. This sanction has been registered as Imperial No. 119 B of 1878-79.

FEBRUARY.

Nos. 34-35.

Opening the Bar and constructing a Temporary Groin at Coralong. - Sanctions estimate for —

Report to Accompany Estimate
for opening Bar & constructing a temporary
groin at Coralong.

Amount of Estimate Rs ²⁵³⁰ ~~2522~~ 0.0

In Consequence of the failure of the N.E. Monsoon, the Bar at Coralong did not open as usual. - As there was a large quantity of water in the Canal, attempts were made to open the bar at a trifling expense, presuming that the quantity of water was sufficient to cause pressure & ensure a scour at the bar & then remain open for a month or two which would be sufficient for the purpose but owing to high surf the breach closed almost immediately. - There is still a quantity of water in Canal, but as it is impure, being mixed with fresh water it is not adapted or of sufficient strength for Salt Manufacture & to render it so, it is now proposed to open the Bar 120 feet wide & 2 1/2 feet below mean sea level to Construct a ^{temporary} Groin (about 500 yds North of opening) 200 feet in length 20 feet wide at beach tapering to 10 feet at end in sea. -
