GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

4th February 1879, No. 369 W.

Buildings and Roads.
Civil Works.

Read the following papers:—

No. 36. From Colonel W. S. DREVER, C.S.I., Acting Inspector-General of Police, to the Secretary to Government, Public Works Department, dated Madras, 28th January 1879, No. 373.

REFERRING to G.O., No. 2,128, dated 29th November 1878, Financial Department, I have the honor to forward for the consideration and *early* orders of Government the accompanying letter,* in original, received from the Superintendent of Police, Chingleput District, requesting permission to continue to completion the buildings and repairs already commenced in 1878-79 in that district.

2. The sanctioned allotments† for *new works* and *repairs* of the district for the current official year are Rupees 2,100 and Rupees 200, respectively, out of which Rupees 750 and Rupees 50 only have been expended. The Superintendent and Acting Deputy Inspector-General of Police recommend the expenditure of the balances (Rupees 1,350 and 150) as well during the current official year. As the buildings are urgently required and cannot be allowed to stand in their present stage of progress without loss to Government, especially in the case of *repairs*. I think it right to lay the matter before Government.

3. Similar applications for funds from the Superintendents of Police, Jeypore and Nellore, have been already communicated‡ to Government, and as I anticipate more from different quarters and calls for *repair* funds are numerous, I beg to suggest, should Government approve, that a general sanction be accorded for disbursement of all sanctioned *repair allotments* for Police buildings, together with those unexpended balances of sanctioned sums for *new works* which may have been already commenced. This will avoid repeated references and save delay as there are only two months to complete the official year.

From J. H. CUNLIFFE, Esq., Superintendent of Police, St. Thomas' Mount, to the Inspector-General of Police, Madras, dated Camp Vyaloor, 21st January 1879, No. 49.

I HAVE the honor to request that permission may be obtained to continue the building work that has been commenced in this district.

- (1) It consists of eight huts at Madrantacum;
- (2) Three at Ponnery;
- (3) Three at Arni;
- (4) And repairs to the Deputy Inspector-General's Office at Guindy;
- (5) And repairs to the station-house at Tennary.

The expenditure on No. 1 has been Rupees (300) three hundred, of which a portion consists of advances for burning bricks and tiles which it would be disadvantageous to put a stop to.

On Nos. 2 and 3, Rupees (450) four hundred and fifty has been expended in laying foundations, preparing wood-work, bricks, tiles, &c.

No great loss will be sustained in stopping any of these three works so long as the work for which advances have been made is allowed to be completed, and the materials kept on hand till expenditure is allowed to be resumed; but I would strongly recommend that all these works should be completed as the balance unexpended is not large, and the old huts have been demolished to make room for the new ones; in Nos. 1 and 3 recently and in No. 2 some time back on the huts becoming unserviceable. In all these great inconvenience will be felt by the men for want of huts, as they are stations where it is difficult for ordinary castes to obtain shelter. As to the repairs mentioned, I have only to say that the money has already been expended; those repairs having been urgently required to prevent the destruction of the buildings in question. Of the money sanctioned for new works, there is a balance on hand of Rupees (150) one hundred and fifty, and with the Department Public Works not yet drawn of Rupees (1,200) one thousand two hundred.

				Expenditure.		Balance.
				RS.	RS.	RS.
Madrantacum, eight huts	...	...	...	1,200	300	900
Ponnery, three huts	...	...	...	450	450	450
Arni, three huts	...	...	...	450	450	450
				2,100	750	1,350

The above works should be stopped under the provisions of the G.O., 29th November 1878, No. 2,128. If, however, there is no prospect of money being available during the official year 1879-80, I would recommend the rapid prosecution of the works, for though no great loss will be occasioned by their suspension for a few months, a longer period must cause a considerable deterioration in the value of the materials collected and of the work already done.

2. As regards Item 4, the repair of the Deputy Inspector-General's Office, Rupees 37, the amount was sanctioned, and the money was actually expended on the completion of the work before the Government Order above referred to was passed. The completion certificate was signed on 27th November 1878.

3. The repairs executed at Tennary appears to have been absolutely required. The Superintendent does not report on what date the work was commenced or completed.

(Signed) H. W. H. COX, Major,
Acting Deputy Inspector-General of Police.

No. 37. ORDER THEREON, 4th February 1879, No. 369 W.

THE comparative urgency of these and other demands will be considered by Government after the issue of the revised budgets, and some provision made, if practicable, from the reserve.

On Nov 2, 3 Rs 50 (Five hundred)

has been expended,
in Tuguis foundation,
preparing road work,

No great top will be
sustained as topping
any of these 3 works
so long as the work for
which advances have
been made is allowed
to be completed, and
the materials kept on
hand till expenditure
is all over to be re-
sumed, but I would
strongly recommend
that all these works
should be completed,
as the balance unex-

No above works should be stopped under the sanction of the G.O. 29th Nov. 1878
No 3118. It is known that in the prospect of being able to deny the official
year 1880 should require the rapid prosecution of the work for that the great

loss will be occasioned by the suspension for a few months, a large period would
cause a considerable depreciation in the value of the materials collected and of the
work already done.

As regards item 1, the repair of the Orissa Jail Office No 37 - the amount
was sanctioned and the money was actually expended on the completion
of the work, before the G.O. above referred to was passed. No Completion Certificate
was signed on 27th Nov. 1878.

No repairs executed at Pennery appear to have been absolutely required.
No Sept. does not report on what date this work was commenced or completed.
