GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

7th February 1879, No. 387 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 52. From G. T. WALCH, Esq., Acting Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Commamur Canal, 23rd January 1879, No. 24 C.

I HAVE the honor to enclose copy of a letter received this day from the Executive Engineer, Guntoor Division, and recommend that the prosecution of the work "improvements to Guntoor Jail" may be sanctioned to the extent of the unexpended balance of allotment Rupees 2,873, or to at least half that amount in the current official year.

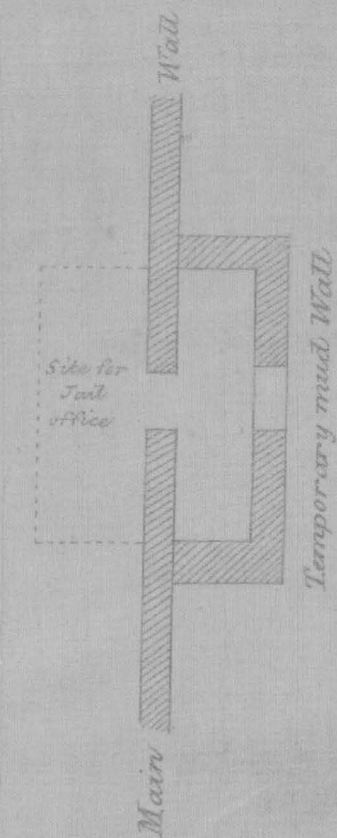

From R. E. NORFOLK, Esq., Executive Engineer, Guntoor Division, to the Superintending Engineer, First Circle, dated Guntoor, 5th January 1879, No. 449.

In forwarding to you the enclosed copy of a letter from the Superintendent of the Guntoor District Jail, I have the honor to request you will be so good as to apply to Government to exclude the work of the "improvements to the Guntoor Jail" from the restrictive order contained in the telegram communicated with your No. H of the 30th ultimo.

2. The estimate for this work is Rupees 37,313 under Special Fund Service and the allotment for the current year is Rupees 5,000, the expenditure to 31st December Rupees 2,126-9-2, leaving an unexpended balance of Rupees 2,873-6-10, and this balance I think it is desirable should be utilised in the next three months of the current official year.

3. Owing to excessive rains very little work was done till the end of October last, since which the preparation of materials, such as bricks, stone lime, and woodwork was started and vigorously proceeded with, and the main outer wall at the entrance to the jail has been demolished, on which site it is proposed to build the office of the Superintendent of Jail. A temporary mud wall has been erected in place of the main wall which has been pulled down, but the Superintendent of Jail considers this insecure.

4. A large quantity of raw bricks have been prepared and every arrangement made for completing in the current year as much as possible of this work as the funds available will admit, and I would strongly urge that this work sanctioned under Special Fund be proceeded with as an exceptional case.

No. 53. ORDER THEREON, 7th February 1879, No. 387 W.

THE work alluded to may be proceeded with to the extent of Rupees 1,437 during the remaining portion of the present official year, the necessary funds being appropriated from the Reserve of Rupees 50,000.
