Report to accompany the Estimate of the cost of
providing new punkahs for the European Infantry Barracks.

Amount of Estimate Supers £445 0 0

The Estimate provides for light
and ~~dark~~ ^{single} punkahs
formed of ~~dark~~ plank girders deep with a
neat heading top and bottom and brown Holland fringes
stiffened with gunny cloth lining gathered and bound
with red braid. The punkahs in Barracks will be
6 feet long and arranged in two trains one on each side
over the pots, a punkah being allowed for every two
pots. The punkahs can be pulled up at present, half
from each end by joining the ropes of the end pairs of
punkahs and fastening the end of the pulling rope in the
middle between the two punkahs. A pulley will be fixed in
the wall at one end of the verandah and the whole of the
single train of verandah punkahs will be pulled from it.

Provision is made for punkahs similar to the
above in the Sergeant's Mess, School, and the New Recrea-
tion Room and New Canteen.
