Read the following papers :—

No. 105. From Colonel P. O'CONNELL, R.E., Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated Madras, 8th November 1878, No. 4,085.

In reference to G.O., No. 3,556 W, of 6th September 1878, I have the honor to observe that in the revised plan for a school-house at Pallavaram prepared by the Superintendent of Army Schools, it has not been shown whether the roof of the building is to be thatched or tiled. From the fact however of Rupees 1,200 having been allotted for the building (*vide* G.O., No. 3,557 W, dated 6th September 1878), which amount, according to paragraph 9 of Major Jennings' report printed with G.O., No. 409 W, of 12th July 1878, and to the printed estimate and specification circulated with G.O., No. 2,087, dated 23rd July 1878, is intended to provide for a tiled building, it would appear that a tiled building is required to be provided for a school-house at Pallavaram. I enclose an estimate for a building on the revised plan prepared by the Superintendent of Army Schools with a tiled roof, which including cost of furniture amounts to Rupees 1,470 or Rupees 270 in excess of the sanctioned grant. I also enclose an estimate providing a thatched roof amounting, including cost of furniture, to Rupees 930, in view if, owing to the additional funds required or for other reasons, the tiled building is not sanctioned, the thatched building being, if approved by Government, adopted—
