19th February 1879, No. 479 W.

Buildings and Roads.
Military Works.

Read the following paper :—

No. 155. From Major H. R. MEAD, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 6th February 1879, No. 376-88.

In G.O., No. 4,020 W, dated 15th October 1878, it is ordered that plans and estimates for double Skittle Alley for the European Regiment at Cannanore be prepared.

2. The Standing Barrack Committee, however, in their Proceedings (enclosed) of the 10th December 1878, which Proceedings are approved of by the General Commanding, recommend that the existing Skittle Alley which is in bad repair to be converted into an American Bowling Alley, the probable cost of this will be Rupees 1,000. I have the honor to request to be informed if the plan and estimate for this is to be forwarded.

3. I have no record to show by whom the double Skittle Alley was recommended.

PROCEEDINGS of the Standing Barrack Committee assembled at Cannanore on the 10th December 1878, by order of Brigadier-General BURTON, Commanding Cannanore, for the purpose of fixing the site for two new Staff Serjeants' quarters in the European Infantry Regiment and a double Skittle Alley for the same regiment.

PRESIDENT.

Colonel WALTON, 9th Regiment Native Infantry.

MEMBERS.

Lieutenant-Colonel E. H. FAISTLOUGH, Commanding 48th Regiment.

Major A. CUSTOIS, Acting Deputy Assistant Quartermaster-General, M. and C.

IN ATTENDANCE.

Surgeon-Major CORBETT, M.D., A.M.D., S.M.O.

Lieutenant LOVE, R.E., Executive Engineer.

The Committee having assembled pursuant to order proceed to fix a site for the two new Staff Serjeants' quarters.

On proceeding to fix the site for the double Skittle Alley it is found that a single Skittle Alley is already in existence, but that the floor is in a bad state of repair and that the Alley is useless. It is suggested that it would be a saving to Government and would be far more appreciated if the present Skittle Alley were converted into an American Bowling Alley. This is stated by the Executive Engineer to be quite feasible at a much lower cost than that of a new Skittle Alley, and the Committee therefore adjourn with a recommendation that the alteration suggested be carried out instead of the new building.

No. 156. ORDER THEREON, 19th February 1879, No. 479 W.

THE Superintending Engineer will submit plan and estimate for an American Bowling Alley.
