RESOLUTION.—By the Government of India, Financial Department.

Read again the undermentioned correspondence regarding the supply of police-guards for Imperial Services :—

Resolution in the Home Department, No. 8—560-70, dated 31st December 1873.
" " " " 1—82-94, " 16th March 1874.

Read also the following Resolutions in the Financial Department :—

No. 1,936, dated 30th March 1878, sanctioning, as a temporary arrangement, the payment from Imperial Revenues of the cost of extra police entertained for works in progress on the Indus Valley (State) Railway.

No. 1,709, dated 22nd March 1877, which revised the conditions under which the local Governments administer the revenues and services entrusted to their particular use and management, and, in supersession of all regulations upon the subject then existing, laid down amended Rules and Conditions which apply to the administration, by the local Governments, of the revenues and services surrendered to provincial use and management.

Resolution.—The Governor-General in Council observes that, on the introduction of the system of Provincial Funds, rules were laid down, in the Financial Resolution of December 1870, for determining, among other matters, the incidence of charge on Provincial Funds.

2. The new system itself not being then fully developed, the rules, too, were imperfect. The Resolutions in the Home Department, dated 31st December 1873, respecting the provision of police-guards for Provincial Services, were a complement of the Rules of 1870, under the scheme of Provincial Funds, which still obtained in 1873 in only a restricted form.

3. In 1877 the Government determined to enlarge the scheme by making over important sources of revenue, with corresponding amounts of charge, to the several local Governments and Administrations, as soon as details could be arranged with each of them; and, as a rule, to hold the several local Governments and Administrations responsible for the financial results of

all future Productive Public Works, relinquishing to them, for the present, the whole revenue derived therefrom.

4. All the then existing rules of the kind now under consideration were accordingly abrogated: and, amongst others, the orders in the Home Department of 31st December 1873 and 16th March 1874, were superseded by the Financial Resolution No. 1,709, dated 22nd March 1877.

5. Under the VIth of the Rules promulgated with that Resolution, a local Government must accept without demur, and without reference to any other considerations, every charge the record of which falls properly under a provincial head of the public accounts. In conformity with this rule, the charge for police-guards, whether for Provincial or for Imperial establishments, is now, indisputably, a Provincial charge.

6. The Governor-General in Council has, however, considered afresh, whether the said orders issued in the Home Department should be, either temporarily or permanently, re-enacted; and has concluded that, for the following reasons, except as affecting the police-guards of Imperial Productive Works already in course of construction, such re-enactment is not called for. If the assembly of large bodies of men on public works in a camp of military exercise or on the occasion of a viceregal durbar, necessitates the employment of extra police, it may also, not improbably, cause some coincident increase of Excise, and other Provincial Revenues; while the general expansion of Provincial Resources already effected in the case of most of the Governments, and contemplated in the case of all, renders unnecessary petty Imperial grants for accidental burdens of this kind. Moreover, Productive Public Works will, in future, rarely, if ever, be constructed within British India, unless some Provincial Government undertakes the entire financial responsibility for the results; in such case it would be, obviously, inexpedient that the Provincial Government should be relieved from any incidental charge arising from the undertaking, such as extra police during its construction.

7. The Government of India will continue to treat as an Imperial charge (in the form of an addition to the provincial assignment) the cost of extra police employed upon those Productive Public Works, already in progress, for which no Provincial Government has accepted financial responsibility.

8. Nothing in this Resolution affects the question of the proper incidence of the cost of police employed upon the working establishments of open State Railways: the solution of any question regarding such incidence depends upon considerations which are not in issue on this occasion.

ORDERED, that this Resolution be distributed for information and guidance as follows:—

(1)—To the Home* and Public Works Departments of the Government of India.
(2)—To the several local Governments and Administrations.
(3)—To the Comptroller-General, and to the several Accountants-General and Deputy Accountants-General in independent charge.
