GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

21st February 1879, No. 562 W.

Buildings and Roads.
Military Works.

Read the following paper :—

No. 198. From G. T. WALCH, Esq., Acting Superintending Engineer, First Circle, to the Chief Engineer, Buildings and Roads, dated Dowlaishvaram, 12th February 1879, No. 115.

With reference to G.O., No. 4,356 W, dated 14th November 1878, I have the honor to inform you that there are three military stations in this circle, namely one at Berhampore in the Ganjam District, one at Vizagapatam, and one at Vizianagram in the Vizagapatam District; and to submit herewith copies of the reports from the offices of the two districts of the action taken by them for the sanitary improvement of the huts of native soldiers.

From T. D. HARRIS, Esq., Executive Engineer, Ganjam Division, to the Acting Superintending Engineer, First Circle, dated Berhampore, 26th December 1878, No. 362.

With reference to your foot-note, No. 12, on the G.O. of 14th November 1878, No. 4,356 W, calling for an early report on the subject of drainage to military lines, I have the honor to inform that a complete scheme for providing the regimental lines at this station with a proper drainage was submitted to the Chief Engineer by my predecessor, Major H. Smalkey, R.E., in 1876; but the plans and estimates of it were returned unsanctioned for certain modification.

2. Another scheme amounting to Rupees 1,762 had again been drawn up agreeably to the Chief Engineer's instructions conveyed in G.O., No. 1,438, dated 9th June 1876 (approved of by the Brigadier-General Commanding Northern District), and submitted to the Chief Engineer with late District Engineer's letter, No. 390, of 11th June 1877, and received the sanction of Government in their Proceedings, No. 513 W, dated 31st July 1877.

3. The carrying out of the sanctioned scheme was deferred for want of funds, and I have made a provision for the same in the budget for the next year.

4. The whole of the correspondence and plans and estimates connected with this scheme will be found among the records of the late District Engineer's office transferred to your office.

I have also lately furnished the Commandant with a scheme, plan, estimates, &c., similar to that proposed by my predecessor, but less expensive at his request, and he has forwarded the same for approval.

From F. BRICKWELL, Esq., Executive Engineer, Vizagapatam Division, to the Superintending Engineer, First Circle, dated Waltair, 27th December 1878, No. 2,318.

With reference to your endorsement, No. 12, dated 20th instant, on G.O., No. 4,356 W, of 14th November 1878, I have the honor to report that on receipt of G.O., No. 1,923 W, dated 3rd December 1877, the Vizianagram Range Officer had been directed to run a line of levels along the main drain of the native infantry lines at Vizianagram from its head to its outfall. No further action had been taken.

2. The Garrison Surgeon of Vizagapatam has this day been requested to point out any sanitary defects which he considers should be remedied in the lines at Vizagapatam.

2 PUBLIC WORKS DEPARTMENT, 21st FEBRUARY 1879, No. 562 W.

No. 199. ORDER THEREON, 21st February 1879, No. 562 W.

RECORDED with reference to G.O., No. 135 W, dated 10th January 1879.
