No. 3. Endorsement of the Secretary to Government in the Military Department, dated Fort St. George, 20th February 1879, No. 966.

From Colonel A. DRURY, Agent for Remounts, to the Secretary to Government, Military Department, dated Oossoor, 19th February 1879, No. 935.

I HAVE the honor to request that orders may be passed in the Public Works Department to enable the Superintending Engineer, Fourth Circle, to complete the repairs of the "Four Horse Stable" at this Depôt which is set apart for segregating cases of infectious diseases.

2. The roof of this building being in a dangerous state was taken off for repairs six months ago, but no funds being available it has never been replaced.

3. I have now a case of farcy and no detached stable in which the horse can be put. If this disease, which is most infectious, should spread among the horses at the Depôt, the consequences may be most disastrous.

4. I have applied to the Superintending Engineer to have the work executed, but to save time make this representation to Government in the hope that funds may be made available to carry out the repairs without delay.

TRANSFERRED to the Public Works Department.
