One Letter from District Engineer, dated 2nd October 1878, No. 216.

2. The old quarters in place of which the present building is proposed consisted of two rooms, one 17 feet × 10½ feet, and the other 11½ feet × 10½ feet, with three out-houses. The present building consists of two rooms each 12 feet × 12 feet with a cook-room and out-house. 3. I have delayed the submission of these plans and estimates in order that a reply might be received to a reference inquiring how it is come to pass that the present quarters have fallen into ruin and why repairs have not been made. I enclose the explanation of the Superintendent of the Jail, together with a letter from the District Engineer, furnishing the information required.

4. There are no funds belonging to this department available for the work. I therefore request that you will cause funds to be allotted in the Department of Public Works budget for next year, should Government be pleased to sanction the work.

5. Since the 1st February 1878 the Hospital Assistant attached to the Mangalore Jail has resided in a house near the jail for which he pays a monthly rent of Rupees 5. I request the sanction of Government for the disbursement of this amount from the 1st February 1878, and that permission may be accorded to continue to rent this building for the Hospital Assistant until public quarters are provided for him.

In reply to Para 1 of your letter No. 4799 dated 18th September 1878, I have the honor to state that as soon as the Hospital Assistant became aware that his quarters needed repair, he informed the Superintendent of the jail who at once (December 1877) reported it to the District Engineer, so that the buildings was not allowed, through neglect, to go to ruin, for their Condition was reported as soon as known. No repairs have been executed as the District Engineer said, rebuilding would be more economical.

2. In answer to paras 2 & 3 of your letter, I beg to enclose a letter No. 266 dated 2nd October from the District Engineer.

3. Since the 1st February 1878, the Hospital Assistant has resided in a house close to the jail, for which he pays a monthly rent of Rs 5, and to which I trust you will kindly give your Sanction.

Sir,

I have the honor to return the Inspector General of Jails' letter No. 4799 of the 18th September/78 forwarded with your letter No. 172 of the 26th Ultimo, and to report that nothing whatever is known of the Jail Hospital Assistant's Quarters in this office, when it was built, by whom &c.

Enclo: (1)

This Department has never been called in to repair the building before December 1877, when it was too late to do any good as intimated to you by Mr. Knight in his letter No. 190 of 5th Feb. 78. I don't think the building can be patched up now so as to render it habitable.

The old materials are practically worth nothing and I think the allowance for convict labor made in the estimate forwarded with this office letter No. 189 of estimate, is quite as much as should be made by the experience we have had, judging of convict labor in rebuilding the Jail Wall.
