GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

19th March 1879, No. 827 W.

General
Account.

Read the following paper :—

No. 231. From the Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, General Branch, dated Chepauk, 15th March 1879, No. 490 W.

I HAVE the honor to forward, herewith, copy of a letter from the Executive Engineer, Buckingham Canal Division, No. 536, dated the 7th March 1879, requesting the issue of a supplemental credit order of Rupees 4,850 for the month of March 1879.

2. The above sum is made up of Rupees 2,300 under Special and Rupees 2,550 under Imperial, stated to be required for the works noted in the margin.

Excavating a branch channel and boat basin in the 51st mile.	Rs. 2,300
Opening bar and constructing groin at Covelong.	2,550

3. An appropriation of Rs. 2,875 was sanctioned from the Jungle Conservancy Fund for the first work in the Proceedings of the Board of Revenue, No. 11,183, dated the 2nd November 1878, but as this office is prohibited from issuing credits under heads other than Provincial, Local and Irrigation, the orders of Government are solicited as to whether the sum of Rupees 2,300 required under Special should be granted.

4. An appropriation has not yet been sanctioned under Imperial for the second work, but under instructions contained in G.O., No. 4,767 W, dated the 16th December 1878, the Superintending Engineer was ordered to take immediate steps for opening the bars; it would, therefore, appear necessary that a credit order should be issued to meet the expenditure.

From J. O'SHAUGHNESSY, Esq., Executive Engineer, Buckingham Canal Division, to the Examiner of Public Works Accounts (through the Superintending Engineer, Third Circle), dated Adyar, 7th March 1879, No. 536.

In reference to G.O., dated 4th February 1879, No. 368 W, and to the Proceedings of the Board of Revenue, dated 2nd November 1878, No. 11,183 (copy enclosed), I have the honor to inform you that funds are urgently required to pay for the works noted below, and I request you will be good enough to place funds at my disposal for the purpose as soon as possible :—

No. 232. ORDER THEREON, 19th March 1879, No. 827 W.

As orders have been passed on the revised budgets for 1878-79, there seems no objection to the issue of the credit of Rupees 2,300 from the appropriation of Rupees 2,875 sanctioned by the Board of Revenue from Special (Jungle Conservancy) funds for excavating a branch channel and boat basin in the 51st mile of the Buckingham Canal.

2. A credit order should be at once granted to meet the expenditure of Rupees 2,550 incurred in connection with the Covelong bar, in anticipation of the sanction of the Government of India to the transfer of that amount from the Revenue to the Public Works Department. The transfer should at once be arranged by the Salt Commissioner with reference to the Proceedings of Government, Public Works Department, Nos. 4,767 W and 368 W, dated 16th December 1878 and 4th February 1879, respectively.
