GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.

Civil Works.

Read the following paper:—

No. 39. From R. F. CHISHOLM, Esq., Consulting Architect to Government, to the Chief Engineer, Public Works Department, Buildings and Roads Branch, dated Chepauk, 9th April 1880, No. 18.

IN continuation of my remarks in the statement of Demands, No. 15, dated 8th instant, I have the honor to forward copy of a letter received from the Commissioner of Police regarding the necessity of executing the work, entered as Item No. 51 under class B in the Provincial Budget, during the current official year.

From Colonel W. S. DREVER, c.s.t., Commissioner of Police, to the Consulting Architect to Government, dated Madras, 7th April 1880, No. 39.

I HAVE the honor to acknowledge the receipt of your letter, No. 8 of 6th instant, and the extract from Government orders as per margin, which was enclosed therewith.

2. The necessity for the immediate construction of the Police barrack, store, and school-room in this compound may be based on the following facts:—

The existing "barracks" for the reserve are wholly inadequate, and the place is really a "barn" in which no one man will sleep at night if he can avoid it. There is no lock-up nor place in which prisoners or public property can in any way be secured, nor is the stabling sufficient.

The store accommodation is at the present moment most inadequate and defective.

The school premises having subsided two years ago in a cyclone a building in Poodoopettah has been hired at a monthly rental of Rs. 14. Being a considerable distance off the Commissioner can give but little or no attention to the all-important matter of instruction.

In brief, until the work is carried out there can be little efficiency at head-quarters.

No. 40. ORDER THEREON, 26th April 1880, No. 1,027 W.

THE Superintendent of Works, Presidency Division, is authorised to set the work in hand at once, the necessary funds (Rs. 7,700) being appropriated from the Provincial Reserve.
