Rumun Departh.

Proceedings of the Board of Rumun.
Dated 13th April 1880.

Read the following: -
No. 53.

From R. W. Barlow Esq.
Commissioner, Nilgiris.

The Secretary to the
Board of Rumun, Madras.

I have the honor to submit for the
very early orders of the Board and Government,
an estimate amounting to Rs 460 for the repair
of the "Mc Lure Band" Bungalow, forwarded
by the Executive Engineer with his No. 99
of the 31st ultimo.

2. This Bungalow was originally erected

* vide L.O. No. 10
2271 dated 16th July 1868 and
No. 171 dated 14th Jan'y 1870 L.O.
made for the Band project - and is now
much out of repair. I addressed the Executive
Engineer

Engineer regarding it in March 1879. But
press of business (Vide his No. 81 dated 6th
March 1880. Copy enclosed) prevented his
forwarding an Estimate sooner. The Estimate
only provides for what is absolutely necessary
to prevent its further deterioration and to
enable it to be repaired, so as to prevent
the rain leaking through or drifting in.

If another S.W. Monsoon passes over it,
in its present state, it will be worth
little.

3. It is not required by the Local
Fund Board, as they have the Avalanche
Bungalow 3 miles distant to the west, and
there is little traffic in this direction;
but it is well worth the whole of Govt.,
in my opinion to repair it as it will
be very useful (1) in the event of the hand
project being again taken up, as I trust
it

Vide L.C. No.
1024 of 9th May
1879 R.D.

it may; & (2) because it lies in the
direct route between Cotacambur and
the Mailkundoh Chincona plantations
which, though grubbed, the Govt. desire
to sell, and which should Govt. desire to
extend crown bark cultivation - afford a
splendid and extensive (500 acres reserved)
field for experiment.

4. Should Government be unwilling
to bear the expense of its upkeep, I would
gladly, if it is put in repair, accept
in order myself from private funds, so long
as I am Commissioner, as it is very con-
veniently situated for the cultivated
portion of the Kundah - nearly the whole
of which lies on the lower slopes in the
two valleys stretching from the ridge beyond
the bungalow on to Thia Sholah and I have
little doubt that my successors would be
willing

willing to do the same - as the transport of
tent - even the limited equipment provided
by the Board for this District - is very
expensive; and quite beyond the sum
covered by ordinary travelling allowance.

5. Failing either of these proposals meeting
the approval of Government, they recommend
the immediate sale of the lungalan, before
it can deteriorate further, with a block
of, say 5 acres of land, surrounding -
which contains no Sholals.

I would recommend therefore that the bungalow be not sold but that the actual repairs necessary to keep the building up namely Rs 40. be executed and that the Commissioner be requested to take charge of the building, he being at liberty to make use of it as he pleases.

To

The Commissioner
Nilgiris

Sir

With reference to your letter No. 6
dated 20 ultimo I have the honor to inform
you with regret that I was unable from
pressure of work to attend to your previous
letter therein alluded to requesting me to
furnish an estimate for repairing Mr.
Ivor's bund Chinchona being above. I beg
to suggest that Mr. O'Shaughnessy may
be requested to submit the estimate as
I have handed over to him the charges
of all the L. & F. Works in the District.

I have the honor to be

Sir

your most obedient servant

Respectfully
