Budget Estimate.

Read the following paper:—

No. 108. From Colonel R. M. MACDONALD, Director of Public Instruction, to
the Acting Chief Secretary to Government, dated Madras, 18th October 1879,
No. 4242.

I have the honor to submit the Budget Estimate of the Educational Building
Fund for 1880-81.

2. Receipts, 1879-80.—Owing to the restriction of expenditure on all Govern-
ment buildings, the actual balance on 31st March 1879 amounted to Rs. 32,742 against
Rs. 7,922, the sum estimated in the Budget estimate for the current year. A transfer
of Rs. 53,500 from the capital of the Educational Building Fund was sanctioned for
the present year, and in G.O., dated 21st February 1879, No. 56, Government
sanctioned the purchase and repair of the premises occupied by the School of Arts at
a total cost of Rs. 28,450, and directed that this expenditure should be met from the
capital of the Educational Building Fund. The increase in the opening balance and
the debiting of all Building Grants to Provincial Funds, under G.O., dated 24th
December 1878, No. 529, render it unnecessary to make any appropriation from the
capital of the fund on account of the School of Arts. It was assumed that contribu-
tions and subscriptions for the Government High School-house at Chittur, amounting
to Rs. 11,376, would be credited to the Educational Building Fund during the
current year. This sum has not yet been credited to the fund, and arrangement will
be made to have the sum credited in 1880-81. The total receipts will be Rs. 92,382
as shown below:—

	RS.
Opening balance	32,742
Appropriation from Capital	53,500
Interest	6,140
Total	92,382

3. Charges, 1879-80.—Out of seven works provided for in the Budget estimate
for 1879-80, the first, viz., the Senate House, was completed in January last, though,
under the arrangement directed in the
G.O., dated 15th February 1879, No. 284, orders marginally noted, a charge of Rs.
" " 5th April " " 661. 17,012-5-2 remains to be adjusted in the
current year's accounts, and the outlay on the Madura High School, the Tekkali
Raghunadhapur High School, and the Chittur High School was deferred under G.O.,
dated 31st July 1879, No. 296. The allotment for the original works budgeted
for has thus been reduced to Rs. 4,605.
To this sum Rs. 14,907 should be added,
being the allotments applied for on
account of incomplete and other works
as per margin, all of which have been
sanctioned with the exception of the
Dissecting room of the Medical College.
The Superintending Engineer, Second
Circle, states that the Adoni, Ongole, and
Kurnool School-houses will be completed
before 31st March next. The Superintend-

The expenditure on original works during the current year may thus be fixed at Rs. 19,512, of which Rs. 19,312 will be expended by the Public Works Department, and Rs. 200, the allotment for the Karur School-shed, by Other Agency.

4. The purchase of the School of Arts' premises is being proceeded with, and it is not probable that any outlay will be incurred in connection with the proposed repairs to the building, for which an estimate, amounting to Rs. 3,450, has been sanctioned. Out of Rs. 8,775 provided for repairs, the Superintending Engineers, Second and Fifth Circles, have surrendered Rs. 1,015, and the Superintending Engineer, Third Circle, is unable to state how much is required. The probable outlay may be fixed at Rs. 7,760, of which Rs. 7,679 will be spent by the Department of Public Works and Rs. 81 by Other Agency.

5. The expenditure for 1879-80 will be Rs. 76,708 as shown below:—

	Rs.
Receipts ..	92,382
Charges ..	76,708
Total ..	15,674

7. Out of a sanctioned estimate for Rs. 4,055 for constructing a School-house at Viravasaram, Rs. 965 was spent up to 31st March 1879, and Rs. 1,055 is entered in the current year's Budget. Provision has to be made for the balance of the estimate, viz., Rs. 2,033, in the ensuing year's Budget. An estimate for Rupees 1,500 was sanctioned for redrawing the verandah of the High School, Madura, and the work was provided for in the Budget estimate for 1879-80, but the expenditure on this work was deferred under orders from Government as stated elsewhere. This work and the Madhanapalle School-house, for which an estimate was sanctioned in G.O., 10th September 1879, No. 349, require to be done next year. The Tekkali School-house is provided for, an estimate amounting to Rs. 2,700 having been submitted to Government with the Acting Director's letter, No. 3602, of the 16th September 1878. The Superintending Engineer, Third Circle, states that the plan and estimate for the Chittur School-house are under preparation by the Executive Engineer, and that the estimate is expected to amount to about Rs. 40,000. A sum of at least Rs. 3,000 will be required for expenditure in connection with this

ing Engineers, First and Fourth Circles, have not yet replied to my letter, dated 6th September 1879, regarding the probable amount of outlay during this year on the original works in their circles. These are, however, mostly incomplete works of last year, and it is likely that they will be finished before 1st April next. If they are not, any unexpended balance may be re-allotted in 1880-81.

building, and it will be observed that the contribution to be credited on account of the school-house is sufficient to cover this charge together with the cost of Public Works Supervision and Tools and Plant.

8. The actuals for petty repairs in 1878-79 were abnormally low. For 1880-81 the current year's grant may be repeated with some slight changes in the distribution of the items. Rs. 3,450 is required for the repairs sanctioned for the School of Arts.

9. The total expenditure proposed on original works and repairs, including the cost of Supervision and Tools and Plant, is Rs. 28,470. The regular receipts aggregate Rs. 31,450, made up of Rs. 15,674 the opening balance, Rs. 4,000 the interest on the unappropriated capital, and Rs. 11,776 the contributions on account of the Chittur and Madhanapalle School-houses. To meet the probable expenditure connected with the Chittur School building, I recommend that Rs. 8,000 be diverted from the capital of the Educational Building Fund during 1880-81. This will reduce the capital to Rs. 92,000.

No. 109. ORDER THEREON, 28th October 1879, No. 2059.

The Budget estimates of receipts and charges of the Educational Building Fund for the year 1880-81 aggregate Rs. 39,450, and Rs. 28,470 respectively, leaving an available balance of Rs. 10,980.

2. The Director explains that in consequence of the balance on the 31st March 1879 having been Rs. 32,742, instead of Rs. 7,922 as adopted in the estimate for 1879-80, the regular estimate of receipts for the year aggregate Rs. 92,332 against Rs. 78,938, and the expenditure Rupees 76,708 against Rs. 71,548.

3. The anticipated opening balance on 1st April 1880 is therefore Rs. 15,674. Adding thereto interest (Rs. 4,000) on Capital, Contributions, Donations, &c., (Rs. 11,776) and transferring Rs. 8,000 from the capital, the aggregate estimated receipts amount to Rs. 39,450.

4. It is proposed to provide therefrom for:—

	Rs.
New Works ..	12,882
Repairs ..	15,588
Total ..	28,470

and to retain a balance of Rs. 10,980.

5. Three out of the four new works have been sanctioned. The estimate for the fourth, a Middle School-house at Tekkali Raghunadhapur in Ganjam, was received in September 1878, and referred to the Chief Engineer, Public Works Department, for his opinion on the 8th October of that year, but has not yet been returned. He will be requested to expedite its transmission. The entry in the estimate (Rs. 2,700) will stand.

6. As the School-house at Chittur, for which plan and estimate are under preparation, will in all probability be put in hand in 1880-81, there is no reason why an allotment of Rs. 8,000 should not be made at once in the Budget estimate to enable the Public Works Department to make arrangements in time for carrying on the work.

7. Adding the allotment, the estimates for works will aggregate Rs. 36,470, and the available balance will be reduced to Rs. 2,980, viz. :—

New Works	Rs.
Repairs	12,882
Allotment for Chittur School	15,588
	8,000
Receipts	36,470
	39,450
Balance	2,980

8. The estimates are passed accordingly.

9. The capital of the Building Fund will, it is observed, be reduced to Rs. 92,000 by the transfer, which is sanctioned, of Rs. 8,000.
