GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

28th May 1880, No. 1,264 W.

General.
Account.

Read the following paper:—

No. 67. From Lieutenant W. L. C. BADDELEY, R.E., General Superintendent, Public Works Stores and Workshops, to the Chief Engineer, Public Works Department, dated Madras, 4th May 1880, No. 151 S.

With the transfer of the mathematical instruments from the Stationery Depot to the Public Works Stores ordered in G.O., 15th April 1880, No. 779, Financial Department, communicated with Government Order, Public Works Department, 20th April 1880, No. 939 W, the Superintendent of Stationery has forwarded two estimates of probable requirements of scientific instruments by the Commandant, Queen's Own Sappers and Miners, for 1881-82 and 1882-83 in view to provision being made in the Home indents of the Public Works Store Department, and as no instruments will in future be provided in the budget estimates of the Stationery Depot similar provision should be made to meet the wants of the Ordnance Department who obtain their supplies from the Public Works Stores.

2. The Local Fund Boards are now making heavy demands on the Public Works Stores for instruments, which are being complied with as far as the state of the stores will admit.

3. I have the honor to inquire, therefore, if it is the intention of Government that the requirements of the Military Department and Local Fund Boards for scientific instruments are to be provided by this department in future budget estimates and the Public Works Stores be made the repository of all scientific instruments for issue to them.

4. I enclose for information copies of letters from the Superintendent of Stationery and Commandant, Queen's Own Sappers and Miners; also copies of two estimates from the latter officer.

No. 68. ORDER THEREON, 28th May 1880, No. 1,264 W.

PROVISION should be made in the Home Indents of the Public Works Store Department for the requirements of the Military and other Public Departments.

2. As regards Local Fund Boards there will be no objection to their making indents for instruments, which will be complied with as far as may be possible by the Superintendent, Public Works Stores. The Superintendent should ascertain their probable requirements which will be met as far as possible.

3. The Board of Revenue will be requested to consider how additional expense to the State can with these arrangements be best avoided, whether by adding a fixed centage to invoice rates, or by a contribution towards the cost of the stores establishment.

OFFICE NOTE.

To

W.

It will probably be best to submit the question for order -

I should say that the requirements of the Military and other Public Departments should be met as at present, but that in future should only be supplied & local funds should if they can be spared without inconvenience, and that the requirements of

7.5.80.

The latter should not
be taken into consideration
in preparing the same
instruments.

This course is in accordance
with policy of placing the
Boards from dependence on
the State, but if it be
considered desirable that
the State department should
undertake the supply of
instruments to them, they
would contribute towards
the cost of the establishment.

our means, and with
this object the supply of
P. W. stores should
be a certain probable
requirement.
