RESOLUTION.—The budget estimate of 1879-80, though prepared by the Madras Government for a sum of Rs. 8,51,304, was passed by the Government of India for Rs. 8,50,000. This amount should have been quoted in the present estimate as the budget grant for 1879-80.

2. On the 3rd January 1880 advice was received from Madras that the grant of Rs. 8,50,000 would be insufficient for 1879-80, and the Government of India sanctioned the additional grant asked for of Rs. 1,90,000 under 34, Other Public Works. The total of Rs. 10,40,000 should have been entered as the regular estimate of 1879-80. This should be done in the final issue.

3. A grant of Rs. 12,00,000 was assigned for 1880-81, of which five lakhs is provided for under 34, Other Public Works; this course was necessary, as a larger sum than seven lakhs could not be assigned from the reduced grant for Productive Public Works. The sum of Rs. 12,00,000 is divided in the estimate as below:—

	RS.
To be expended in India	9,20,000
Do. in England	2,80,000
	12,00,000

No particulars of the objects upon which the English grant is to be expended have been entered in the estimate, but it is known that a large outlay is intended to be incurred on moorings.

4. In the table below the budget estimate for 1880-81 is compared with the budget and regular estimates for 1879-80 and the actuals of the two previous years:—
