PUBLIC WORKS STORE DEPARTMENT,
Madras, 12th May 1880.

No. 202 S.

From

THE GENERAL SUPERINTENDENT,

PUBLIC WORKS STORES, &C.,

To

THE

Chief Engineer,

Public Works Department,

Madras.

SIR,

I have the honor to forward a Special
Indent from the Superintendent of Harbour Works
No. 13 of 11th May 1880 for certain stores required from
England for use of the Works and request sanction for
including them with the Pumping Machinery required
for the Godavari Delta, and also for the Presidency
P.W. Workshops in one General Indent on the Home
Government.

Mr. Thoroughgood's letter herewith forwarded
explains the necessity for the articles now required being
obtained from England for the Harbour Works.

I have the honor to be

Sir

Your Most Obedt Servant

W. B. Addeling
General Supt P.W. Stores & Workshops

No. of ENCLOSURES. 2.

Requests sanction for in-
cluding in one General Indent
certain stores required from England
for use of the M. Harbour Works with
those of the Pumping Machinery
&c. required for the Ag. davaristhala
and for P. W. Workshops.
Encloses Indent from Harbour Works.

From

THE SUPERINTENDENT,
MADRAS HARBOUR WORKS.

To

The Superintendent
Public Works Stores
Madras
MADRAS, 11th May 1880

Encloses Indent

I have the honor to
submit herewith an Indent
on England for two special articles
required on these works, namely
crane chains and stone crusher
jaws.

2. I think it advisable to
submit a special Indent for
these articles as the crane chains
and crushers at present in use
have shown signs of wearing
out more rapidly than was
expected, and it is probable
that those now in store will
not suffice for carrying the
works on to completion.

3. I shall feel obliged by
your

Madras

SIR,

Enclosures.

With reference to the sanction accorded in
G.O. 24th May 1880 No. 1230, I have the honor to
forward for submission to Government a Special Memo-
randa in triplicate for articles for the Madras Harbour
Works.

In anticipation of sanction I have included
in this Indent a few India rubber washers for Stone
Crushing machines, which Mr. Thorowgood states was
overlooked in his first Indent, the cost of which is
estimated at Rs. 75.

I have the honor to be
Sir

From
THE GENERAL SUPERINTENDENT,
PUBLIC WORKS STORES, &c.,

To
The Chief Engineer,
Public Works Department,
Madras

SIR,

With reference to your Memo. No. 139 of
24th May 1880, communicating G.O. No. 1230 W. pointing
out that the size and shape of the Crushed Laves
applied for in Harbour Works Indent No. 13 of
11th May 1880, should be more accurately specified.
I have the honor to enclose extract of a letter
from the Superintendent preferring that no altera-
tion should be made in the nomenclature in the
items as entered in the Indent, further than that they
should be the same as before supplied, which is noted
in the Remarks, and as these Cast Iron Chilled
Laves for Stone crushers were supplied on all pre-
vious occasions by H.R. Marsden, there appears
no difficulty in the present demand being correctly
attended to.

I have the honor to be
Sir

Your Most Obedt. Servant,
Wm. Maddison, Lieut. R.E.
General Supt. M. Stores & Works.

Madras 26th May 1880

Sir

I have the honor to thank you for your
letter N^o 286 S. of yesterday's date, with enclosed
Memo N^o 1391 of May 26th from the Chief Eng.
regarding the Stone Crusher jaws.

I did not specify the particulars of
these jaws, because they are similar to what have
been previously supplied and are only obtainable
from the makers of Blake's Mandible Patent
Stone Crushers.

I can only particularise them by
saying that the mandible jaws are 1'-8" wide,
and the fixed jaws 1'-11 1/2" wide. but I would
prefer that the only description given, was
that they should be the same as before.
