Read the following:—

With reference to
Government Proceedings
of the 24th May 1880,
No 1227 W, it is of con-
sequence that in all
cases of real urgency
where the Officer in
charge of a building
absolutely requires
professional advice,
or again where for
want of such advice
the State would be
liable to suffer loss
from undue delay in
executing repairs, the
Officers of the Public
Works Department
should take upon

Gen. H. D. Johnston

themselves to act promptly, making the necessary report to their Super Engineers.

2. In cases where no such real urgency exists, the procedure to be followed is sufficiently defined in the order before mentioned.
