FROM

THE SECRETARY TO THE GOVERNMENT OF MADRAS,

TO

THE SECRETARY TO THE GOVERNMENT OF INDIA,
Public Works Department.

SIR,—In a telegram in the Military Department, dated the 2nd March 1880, a grant of Rs. 16,260 for repairs to the Native lines at Perambur was sanctioned.

2. Owing to the late date of the sanction, it was found impracticable to spend more than some Rs. 300 of this grant during that official year, the remainder of which lapsed.

3. The lines are in urgent need of repairs, and I am directed to request that a sum of Rs. 15,960, being the amount of the grant of last year, less the outlay, Rs. 300, in March, may be made available by the Government of India. The grant which lapsed was made from the Military Budget; but on the motion of the Examiner, Public Works Accounts, it was ruled that the income from the lines should from the 1st April 1880 be credited to Revenue, and expenditure be provided for from General Funds; and under these orders the cost of maintaining the lines now falls against the Public Works Department, Military Budget.

4. From recent correspondence the Government of India will have gathered that the funds at the disposal of the Madras Government are inadequate to admit of provision for this work; and, unless the grant now applied for is given, the huts will before long become uninhabitable, and will have to be repaired at a far higher cost than is now asked for.

5. It is to be remembered that rent is levied from corps whose occupancy of the lines exceeds twelve months, and such charge can only be justified when the lines are kept in proper repair.

6. The work is necessarily being proceeded with uninterruptedly.

7. I am to request that this special reference may be considered independently of the general reference made in my letter of the 17th May and your reply No. 276 A. G. of 12th June.

I have the honor to be,

Sir,

Your most obedient servant,

I understand the Amis
to be getting well repaired -
and that the Gov^t of India
has ordered the repairs to
be carried out.

It seems to me that either

the Govt of India must find
the necessary funds - or
allow the buildings to get
worse & worse until they
become uninhabitable.

The Indians themselves
in my opinion, a right to
expect to be comfortably
housed, & that if from
any cause this be not done
they have a right to feel
aggrieved. It seems to me
that my duty as C in C
to watch over the interests
of the Native Army, and to
do all that lays in my
power to prevent the Sepoys
from becoming unin-
habitable - The loss to
the Govt also financially is
very great unless it manages
to do the States in time.

Mr. D.

Sir,

In a telegram
in the Military Dept.,
dated the 2^d March 1880,
a grant of Rs. 16,260 for
repairs to the native
lines at Perambur
was sanctioned.

2. Owing to the late
date of the sanction,

it was found impracticable to spend more than some 300 Rs. of this grant, the remainder which lapsed

during this financial year

3. The lines are in urgent need of repairs, and I am directed to request that a sum of Rs. (20,443), being the balance of the estimate, may be made available by the Govt. of India. The grant which lapsed was made from the Military budget; but, on the motion of the Examiners, Public Works Accounts, it was ruled that the income of the lines should from the 1st April 1880 be credited to Revenue, and expenditure be provided for from General funds; and under these orders the cost of maintaining the lines now

4. From the cor-
respondence ended
by my letter of the
17th Ultimo, No. 1163 W,
the Government of
India will have learnt
that the funds at the
disposal of the
Madras Government
are entirely inadequate
to admit of provision
for this work; and,
unless the grant now
applied for is given, the
ports will before long
become uninhabitable.

5. An additional
reason for a special
grant is to be found
in the fact that ports

is levied from Corps
whose occupancy of the
lines exceeds twelve months,
and that such a charge
can only be justified by
the Government fulfilling
their part of the agreement,
and keeping the lines in
proper repair.

6. The work is being
proceeded with uninter-
ruptedly, [It is for the

7. The Government of Madras are fully alive to the necessity of adhering to the financial rules, but, as has once and again been urged, the Military Works grant for 1880-81 is so insufficient that this Government can only fulfil their duty in this one respect by trenching on other more important duties connected with the welfare of the troops.
