GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

24th June 1880, No. 1,469 W.

General.
Account.

Read the following papers:—

No. 73. Endorsement of the Secretary to Government, Revenue Department, dated Ootacamund, 14th June 1880.

From N. A. ROUPELL, Esq., Acting Commissioner of the Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 28th May 1880, No. 63.

In reply to your Under Secretary's Official Memorandum, No. 154, dated 18th instant, I have the honor to state that the Executive Engineer, West Coast Division, informs me that "the cost of the iron shed near Mailkudah was charged to the road from Ootacamund to the site of Melvor's bund, and not to Chinchona funds."

Proceedings of the Board of Revenue, dated 8th May 1880, Miscellaneous No. 4,938.

From R. W. BARLOW, Esq., Commissioner of the Nilgiris, to the Secretary to the Board of Revenue, dated Ootacamund, 14th April 1880, No. 61.

ADVERTING to my letter, No. 10, dated 11th March 1880, as President, Local Fund Board, replying to G.O., No. 2,423, dated 17th December 1879, I have the honor to observe that the

* *Vide* list of bungalows mentioned in G.O., Financial Department, No. 2,195, dated 5th December 1876.

iron shed near Mailkudah, the original cost of which was only Rs. 500,* was made over temporarily to the Commissioner, on condition of his repairing it, with reference to correspondence, copies of which are enclosed. I request that this arrangement may be made permanent, as the shed is now finally abandoned by the Public Works Department.

2. Though the Local Fund Board, as reported, do not require the hut, it is extremely useful to the Commissioner in his Revenue capacity. It is situated conveniently for the Mailkudah Chinchona Plantations, and I used it frequently during the recent grubbing operations. I found it a wreck, without glass, windows or fastenings, and repaired and added out-buildings to it, at my own cost, at an outlay of about Rs. 100. I did this as the climate there is very inclement for tent life, and transport for tents difficult to obtain and very expensive.

3. Should it, however, be decided to sell the hut, I request I may have the first refusal, with such deduction from the original† cost (Rs. 500) as Government may consider fair under the circumstances.

† *NOTE*—Apparently debited to Chinchona Funds—*Vide* Executive Engineer's No. 77, enclosed.

4. No mention is made in any past correspondence or Board's Proceedings on the subject of the Public Works Bungalow at Gúdálúr, but I am sure that the Local Fund Board would gladly take it over if not required by the Public Works Department, as otherwise we shall have to build an inspection bungalow at Gúdálúr or somewhere in Wynaad at a heavy outlay. I am addressing the Executive Engineer, Nilgiris, on this subject.

Proceedings of the Board of Revenue, dated 7th April 1880, Miscellaneous No. 3,763.

From R. W. BARLOW, Esq., President of the Local Fund Board, Nilgiris, to the Secretary to the Board of Revenue, dated Ootacamund, 11th March 1880, No. 10.

In reply to the endorsement, Miscellaneous No. 1,491, dated 7th ultimo, on G.O., No. 2,423, of 17th December last, calling for a report with reference to paragraph 4 of the Government Order quoted above, I have the honor to inform you that it does not appear that this Board desires to take over any of the buildings at present.

SUBMITTED for the information of Government with reference to their order quoted by the President.

(A true Copy and Extract.)

(Signed) H. B. GRIGG,
Acting Sub-Secretary.

From R. W. BARLOW, Esq., Commissioner of the Nilgiris, to the Executive Engineer, Nilgiris, dated Ootacamund, 15th February 1879, No. 6.

I HAVE the honor to request that you will favor me, if possible, with an inspection of the plan and estimate of the bungalow called "Farewell's Bungalow" at Kokalthore, not far from Thia shola, and the total cost of its erection as it now stands.

2. I believe I am correct in supposing that it belongs to your department, and is the property of Government, so the information may be available in your office.

From Major J. L. L. MORANT, R.E., Executive Engineer, Nilgiri Division, to the Commissioner of the Nilgiris, dated Ootacamund, 3rd March 1879, No. 77.

With reference to your letter, No. 6, of 15th February 1879, I have the honor to inform you that neither plan nor estimate of the building called "Farewell's Bungalow" was ever made; but I find, as far as I can learn from the records of this office, that the bungalow was constructed by this department of corrugated iron walls and roof. The cost of the work was Rs. 900,* which was charged in 1868 to the road connecting the Government Chinchona Plantations at Mail-kundahs with Ootacamund, which was then in construction.

P.S.—I shall be happy to supply a plan if required.

From R. W. BARLOW, Esq., Commissioner of the Nilgiris, to the Executive Engineer, Nilgiri Division, dated Ootacamund, 8th March 1879, No. 8.

I HAVE the honor to acknowledge, with thanks, your No. 77 of the 3rd instant. My object in asking for the information was partly with a view to erecting a similar bungalow somewhere in the neighbourhood for my use when on tours, as the carriage of tents is exceedingly heavy, and labor difficult to obtain.

2. I understand, however, from our conversation yesterday that your department does not use the bungalow, and as it is improbable in these hard times that Government would give any assistance towards erecting a new building, I shall be very glad if you will transfer it to me as Commissioner, temporarily, and I will then execute the necessary repairs at my own expense.

From Major J. L. L. MORANT, R.E., Executive Engineer, Nilgiris, to the Commissioner of the Nilgiris, dated Ootacamund, 17th March 1879, No. 114.

With reference to your letter, No. 8, dated the 8th March 1879, I have the honor to inform you that I have no objection to transfer temporarily the bungalow in question to you as Commissioner. You are welcome to carry out the needful repairs to the building for your use when on tours.

SUBMITTED for the orders of Government.

2. The Board cannot support the Commissioner's proposal to require the Government to maintain a rest-house for his convenience as a Revenue Officer.

3. The Board think that the bungalow should be sold by public auction, and that the proceeds should be credited to Government under Chinchona Plantations. It might be thought equitable to refund to Mr. Barlow a portion of the sum expended by him.

4. The Commissioner should bring the question of transferring the rest-house at Gúdálúr to Local Funds before the Circle Board, after ascertaining, as he proposes to do, from the Superintending Engineer that it is not required by his department.

No. 74. ORDER THEREON, 24th June 1880, No. 1,469 W.

THE Government are of opinion that the bungalow in question may be offered to the Commissioner as requested in paragraph 3 of Mr. Barlow's letter, No. 61, of 14th April 1880, at a valuation to be fixed by the Executive Engineer.

2. Should the Commissioner be unwilling to take the bungalow at this valuation, it should be sold by auction and the proceeds credited to Government.

3. In either case one-half of the amount (Rs. 100) expended by Mr. Barlow on the repair of the bungalow will be refunded to that gentleman.
