The undersigned
begs leave to issue the draft,
with an additional paragraph,
impressing on the Consulting
Architect the necessity of
carrying out the work as
soon as possible.

2. It is understood
that the old Ayer's
buildings are now occupied
by a Ragged School, and
that this arrangement is
not to be disturbed; also
that His Grace desires
the new Medical School
to be close to the Choultry.

3. Whether the quarters
now occupied by the Medical

School are as urgently required
by the Ordnance Dept. as
General Cadell states, or
not, it will no doubt be a
convenience if they are set
free at an early date.
