GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

9th July 1880, No. 1,614 W.

General.
Account.

Read the following paper:—

No. 36. From G. T. WALCH, Esq., Superintendent of Works, Godáviri District, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 19th June 1880, No. 781.

WITH reference to G.O., No. 3,275 W., 19th December 1879, I have the honor to enclose a statement of the machinery, &c., which came from the Upper Godáviri, and which now is at Dowlaishweram near the quarries, with a column showing what

I propose should be sold by auction after two months' advertising.

2. The remainder might then be moved down to and housed in the Dowlaishweram Workshop yard at a cost of about Rs. 450,* and there might be watched and tended for about Rs. 100 a year for one peon and sundries, such as grease, white-lead, &c.

	Rs.	
* Removal and erection of shed...	150	
† Conveyance of machinery, &c...	300	
	450	

3. As there has hitherto been no storekeeper in the division in which these stores are—as they are quite away from any stores or buildings belonging to the range or workshops—as they are of very great aggregate value, and of a kind which required,† to keep many of them in order, a knowledge of machinery generally, and of them in particular, it has been necessary, and will, I think, continue to be necessary till they are sold and moved, to continue the arrangement sanctioned in G.O., No. 3,275 W., 19th December 1879. I therefore have the honor to request sanction to the enclosed estimate.‡

‡ Rs. 225.

4. Many of the stores could be taken by the workshops here from time to time, if not at once, provided the shops were debited with only the market value of the articles, instead of with the very high§ values appearing against some of them in the books, or instead of having, as would be the case with other articles of which the book value is not here known, a possibility of being hereafter debited with some new unknown but probably large price; and I would therefore request authority to allow the workshops, or any of the ranges here or elsewhere, or the Local Funds, to take any of the articles at the local market price, or, when that could not be ascertained, at a valuation to be fixed by the Superintendent of Works and Executive Engineer in charge of the division.

No. 37.

ORDER THEREON, 9th July 1880, No. 1,614 W.

The Superintendent of Works, Godáviri, in submitting with the letter recorded above a statement of the machinery, &c., belonging to the Upper Godáviri Works and now lying near the quarries at Dowlaisweram, recommends (1) that such of the machinery as it does not appear advisable to retain be sold by public auction after public advertisement; (2) that the machinery, &c., to be retained be removed to and housed at the Dowlaisweram Workshops yard at a present cost of Rs. 450 and a future annual charge of about 100 rupees; (3) that a sum of Rs. 225 be allotted for watching and tending the rest of the machinery till it is sold and removed from its present position; and (4) that the Workshops, Public Works Divisions, or Local Fund Boards be allowed to take such articles as they may require in future at the local market price, or, when that cannot be ascertained, at a valuation to be fixed by himself and the Executive Engineer in charge of the division.

2. The above proposals are approved, and the sum of Rs. 775 appropriated from the Provincial Reserve under Tools and Plant for carrying them out.

3. This sanction has been registered as Provincial No. 13 B. of 1880-81.

To,

The Chief Engineer
Public Works Department.

Dowlaishweram 19th June 1880.

Sir,

With reference to G.O. No. 3275 W.
19th December 1879, I have the honor to en-
close a statement of the machinery &c.
which came from the Upper Godavari
and which now is at Dowlaishweram
near the Quarries — with a column
showing what I propose should be sold
by auction after two months adver-
tising.

2. The remainder might then be
moved down to & housed in the Dow-
laishweram Workshop yard at a cost
of about Rs. 450 and there might be
watched & tended for about Rs. 100 a
year for one person & sundries such as
grease white lead &c.

3. As there has hitherto been no
storekeeper
