of Mr. Stanley's letter

say, not be right to

the approval of Govern-
ment, undertaken
their own work, as
they are enabled and
empowered by the
Local Funds Act to
do, have engaged for
this work such ^{with qualifications} ~~such~~ Engi-
neers and subordinates
as happened to be
available and on
terms linked to their
circumstances. ^{The} Govern-
ment have no power
to veto the action of
the Boards in the
selection of their em-

in the opinion of His
Grace the Governor

Local Fund Boards
cannot afford to em-
ploy an establishment
paid on the scale
of the salaries of the
P.W. Dept., much less
can they pay these

salaries plus the 20 per

prospective pension
claims. The service
moreover of the pen-
sioners of Government
now in Local Fund
employ ~~does not~~ will not carry
with it any claim to

be benefitted, and
the Local Fund Boards'

would thus be left
without a workable
instrument, and it
would necessarily

Chief Secretary to Govt.

Sir. I request you will be good enough to do me the favor to submit for the consideration of His Grace the Governor in Council the enclosed copy of a communication made to me by the Asst. Commissioner of this District a few days ago. From which I gather that as I am employed by the Hilgini Local Fund Board. it is proposed to deprive me of the Pension granted to me by Govt under the Rules of my service only a few months ago.

Apart from the illegality of the proposal - which is I suppose one is questionable - I would like to draw attention to the concluding sentence of section 110 of the Civil Pension Code, and to the repeated assertions of this Govt. that there is no objection to the employment of Civil Pensioners in service paid from Local Funds.

If it is the intention of Govt. to abrogate the rules and orders above referred to, and to constitute employment under Local Funds Boards as service under Government with all the claims provided for such service in Chapter XX of the Civil Pension Code, it would

125
not ^{be} present: affect the payment of my Pension. because under Section 107 C.P. Code, my Local Board pay + Pension does not exceed the same total of the pay of the appointment from which I was pensioned.

Under these circumstances I trust His Grace in Council will be pleased to annul the Accountant General's order by which the Commissioner is apparently precluded from paying my Pension to me as usual. It is the only source by which I can meet the payment of contributions to widows & orphans funds to Life Insurance funds & to the payment of my children's school fees, and any even temporary delay in its issue would be

All communications

Simla, 21st June 1880.

Sir,

I am directed to acknowledge
your letter N. — dated 5th May, regard-
ing the employment by Local Fund &
Boards of Officers of the P. W. de-
partment and of those who have re-
tired from the service on pension.

2 I am directed by the Governor
General in Council to say in reply
that it is clearly within the com-
petence of the Government to decide
on what terms Government money

should be made over for expenditure
by Local, Boards, and also on what
terms the Government will let its officers
accept its gratuities and pensions or
employment under Local Funds.

3 I am accordingly to re-
quest that in all cases in which
Government money is made over for
expenditure by Local Funds Boards,
it shall be a condition of such allot-
ment of funds that the Boards shall
take over also any superfluous staff
of the P. W. Department before em-
ploying any other officers under
Section 24 of the Madras Local Funds
Act. The service of such officers will
be pensionable service, and the Local
Boards must pay the usual contri-
bution into the Imperial Treasury.

or if the officers so employed prefer
it, they may surrender that pension &
and go on serving for a new pension
under the Local Boards, those boards
paying the contribution required by the
Civil Pension Code.

5. If an officer re-employed
by a Local Board has received the
gratuity authorized by para 5 Section
II clause (5) of Resolution N. 2079
dated 31st July 1879, he must either re-
fund the gratuity or his salary &
must be diminished by a sum

 If an Officer has not received the
 by gratuity it must be withheld as or-
 dered in para. 3 of L. D. Department

 ber 1877. If an officer has been
 allowed to capitalize his pension his
 salary must be diminished by the
 amount of pension on which the
 capitalized sum was calculated.

The Governor General in Council
 has deemed that these orders may be

P. W. Dept.

Sir,

With reference to your
letter No. 1281 G, d/21st June
1880, and in continuation of
my telegram of the 9th July,
I am directed to request
earnestly that the Governor
General in Council may be
moved to reconsider the orders
that have been passed in
regard to Govt. pensioners
employed under Local Fund
Boards (Act IV of 1871)
in this Presidency and to

which the Govt believe
it to be quite impracticable
to give effect as the Govt
of India intend.

The Local Fund
Boards in Madras are
not disbursers of Govt money,
but are charged with the
management and expenditure
of local funds only raised
under the Act. It was
contemplated as possible
that in very exceptional
cases and, as a matter of
convenience to Govt, they
might on rare occasions
be asked to undertake
the supervision of isolated
Govt work ~~and~~ though
this has not yet been done
in any case, it is not
intended that any of the
Govt work heretofore carried
out in the P. W. Dept, shall

be entrusted to Local Fund
Boards, with this possible
and rare exception. For any
little work ^{they} do it was
intended that the Boards
should be paid the rate
of 25 per cent on the money
to cover the cost of super-
vision, which rate prior to
the 1st January the Boards
paid to the P. W. Dept.
for work carried out by
this Department for the
Boards; but the suggested
arrangement has not yet
operated in any case, and
it can be abandoned
altogether if the Govt of
India object to it. The
Local Fund Boards by
no means desire it.

3. As a rule the members
of the P. W. Dept, who

Govt. any supernumerary
members of the C. W. Dept.
5. I am to say that
in the opinion of His Grace
the Governor in Council, Local
Fund Boards cannot
afford to employ an ~~extra~~
establishment paid on the
scale of the salaries of
the C. W. Dept., much less
can they pay these salaries
plus the 20 per cent. required
to cover prospective pension
claims. The service moreover
of the pensioners of Govt.
now in Local Fund employ
does not and will not
carry with it any claim
to pension.

6. To enforce the instructions
of the Govt. of India would,
I am to say, involve a

direct breach of faith with
the Pensioners and must
in most cases ~~cause~~ ^{create} very
serious embarrassment to
the Boards ~~whose~~ ^{with}
they are now doing. The
Pensioners probably have
a legal claim to their
pensions which can be
enforced in the Law
courts, but supposing that
they failed to substantiate
this claim and were obliged
to relinquish their employ-
ment in order to continue
to draw their pensions,
the Public Treasury would
in no way be benefitted,
and the Local Fund
Boards' work, on which
the welfare of the country
^{greatly} depends, would be seriously
prejudiced, for the
Boards would then be

left without a work
with the intent, and it
could accordingly be
long before the place of
them or whose services
they could be replaced
could be filled. The only
point that can be inter-
ested in that the
Pensioners will continue
to draw their pensions, not
that the Local Fund
Boards will have to
look for their pecuniary
aid in the general
market.

For when a later part
of view the subject be
considered, interference with
the arrangements made
is to be deprecated.
The State has saved
money by procuring these

820
officers and subordinates,
and the country is utilizing
their services in the way
most beneficial, as any
private employer might
do.

8. If however the Govt.
of India determine that
the pensions shall not
be enjoyed while the
Pensioners are employed
by Local Fund Boards
they must be allowed the
option of withdrawing from
Local Fund service and
sufficient time to give
the notices applicable to
their general engagements,
as no unusual condition
was placed on the ac-
ceptance of the pensions.
If these Pensioners be
restored to the position

held by the firm to
interest, financial
concerns, with its reduced
profits and consequently
reduced profit, unless the
income, and the most
reasonable information
is full pay at a cost
to Imperial funds and
in case of pension cost.
If that service be offered
to the local and local
the latter cannot pay more
than they can be for them,
and the difference which
must remain chargeable
to Imperial will cover
that now paid in the hope
of pension, while the service
will carry claims against
Imperial funds to increased
pensions in the future.
