Invoice rates would suffice to
cover

cover all expenditure connected
with the Amports and Conservancy
of Scientific Instruments &c

Scientific Instruments — 15%
Machinery — 17%
Tools and plant — 20%

2. The Board are of opinion
that the simplest arrangement is
to

to add a fixed percentage to
the invoice rates. The percentages
suggested by the Supt. P.W.

the Board think, be adopted.

With reference to the
Honorable Member's re-
mark on the draft, the
undersigned has the
honor to observe that the
percentages proposed
have to cover the cost of
freight and landing as
well as of custody and
issue, and it is thought
that they are not too
high for the purpose.

2. It is proposed to
make them liable to
modification hereafter,
and in any case it is
open to Local Fund.

Boards to make their
own arrangements if they
consider the charge made
by the P. W. stores too high.
