GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

20th August 1880, No. 1,971 W.

General.
Account.

Read the following papers :—

No. 46. From Major H. R. MEAD, R.E., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department (through the Examiner of Public Works Accounts), dated Coimbatore, 27th July 1880, No. 189.

With reference to G.O., No. 1,418 W., dated 17th June 1880, I have the honor to report that the Executive Engineers have been instructed to submit immediately completion certificates for the repair outlay incurred to end of 1879-80 (items Nos. 2, 15, 22, 23, 25, 26, 27, and 35 of Part I). I hope that the objections with regard to these items will be removed as soon as the completion certificates are submitted.

The Local Fund works have already been transferred to the Local Fund Board, and any expenditure thereon in the current official year, including the expenditure on incomplete repair works of previous years, will be accounted for only by that department; I therefore consider that completion estimates for the repairs remaining to be carried out in the current official year are unnecessary for this department.

Item No. 22.—An estimate of Rs. 840 on account of this work was sanctioned by the Local Fund Board on 17th January 1880—*Vide* estimate register No. 204, 1879-80, and the excess over estimate (Rs. 214) is passable under paragraph 382 C (a) of the new Public Works Code.

Item No. 23.—An estimate of Rs. 430 on account of this work was sanctioned—*Vide* Resolution No. 8 in Proceedings, Board of Revenue, No. 2,210, dated 4th August 1879.

Item No. 36 will be disposed of as soon as reply is received from the Executive Engineer, West Coast Division, to a reference made by me. The Executive Engineer, West Coast Division, has been instructed to submit, without any further delay, the six work abstracts referred to in pages 6 and 7 as due from the late Wynnad division.

No. 46-A. From Major D. H. TRAIL, R.E., Officiating Examiner of Public Works Accounts, to the Chief Engineer, Public Works Department, dated Madras, 12th August 1880, No. 11 E. W.

In forwarding herewith letter, No. 189, dated 27th July 1880, from the Superintending Engineer, Second Circle, to your address, I have the honor to inform you that there appears to be no necessity for completion estimates to be sanctioned by this department for those Local Fund works that have now been transferred to the Local Fund Boards for completion.

2. The objections with respect to items Nos. 22 and 23 have been removed.

3. I take this opportunity of requesting to be favored with early orders on my letter, No. 75 W., dated 27th July 1880.
