SIR,

I have the honor to enquire
whether it is the intention of Govern-
ment that the P.W. Store Depart-
ment should act as Agents for
other Provinces without charging
any percentage for the work.

During the past 10 years
11th Consignments for the Mysore
Administration have been landed
and despatched to Bangalore with-
out charge.

At present this Depart-
ment is chiefly occupied in
receiving and despatching the Stores
for the Mysore State Railway. 11
Consignments having been despatch-
ed of the value of £3,267, and the
work is expected to last for a
considerable time.

Yours,
J.

To successfully carry out work
of this class it is essential that
the Store Department should be
kept in a thoroughly efficient state
and I therefore think it would
be reasonable if a percentage was
charged for Agency by this Depart-
ment in all cases when stores
are despatched to other Provinces.

With reference to

marks of the 31st Ulthio,
it will be seen that
the arrangement sanc-
tioned in O.G. N. 2590
of the 31st Oct. 1870 is
still in force, the
Storekeeper of the Public
Works Stores receiving,
under sanction of the
Govt. of India, an allow-
ance at the rate of
50 Rs. a month for
every day on which
he is certified to
have been engaged
in superintending the
landing and despatching
of stores received
from England for
the Mysore Adminis-
tration. This appears

Inspector General of
Ordnance's letter recorded

No of the 14th June/75,
No: 2800 (Mr No: 1935 of
the 8th July). As the work
is now performed by
the P. W. Stores Dept.
it seems reasonable
that the Departments
for whom the work
is done should share
the P.W. Budget by
contributing a fair
share for outlay on
such service, and
the undersigned would
therefore beg leave
to issue the draft dated

I am not quite sure
that the H. M. under-
stands the meaning of
the proposal, and it
may be that he is
under the impression that
what we propose is to
add the percentage in
question to the pay of the
establishment -

This is not so; what
is intended is that the
departments concerned
should be debited with
this percentage, on account
of the work done by them.

So understood

of the establishment.
It is not necessary that
the Store Department
should be self supporting,
nor indeed could it be
indeed so; but at present

the establishment the
out of which is charged
against the
very limited grant for
Establishment - Public
Works - Provincial, is em-
ployed on work for other
departments and heads of
service, and it is thought
that the latter should
contribute towards its
cost -

I am not aware of any
special authority for them
doing this work, but the
practice appears to be an old
one -

Five per cent on
£ 31,267 is £ 1,563
or say Rs 18,750; the
whole annual cost of
the stores establishment
is Rs 10,524; in other
words the percentage
on the consignments
already despatched for
the Mysore railway alone
would cover the cost of
your whole establishment
for nearly two years -
Surely the charge of
5 per cent would be
excessive -

S. 5.7

The 5 per cent suggested is
when calculated on the actual
outlay by the P. W. Store Dept vide S. letter No 574
in despatching stores, not
on the value of the stores
sent by rail.

Read the following:-

FOR ORDERS.

Now the Stores require
the responsibility
like the workshops?
Of course, I don't mean
that principle they
are to be allowed to charge
for doing work & practically
must take the place
of this own special work.
That authority is then
for Workshops acting as
agents for Mysore

There is a P. W. Officer
in the P. W. Stores Dept for
handling & shipping goods
consignments. S. 26

2. It appears no more
than reasonable that
some charge should
be made for supervision
over and above the
actual outlay on
carriage, cooly hire &c.,
and the undersigned
considers that 5 per
cent on that outlay
a very moderate charge,
and that 10 per cent
would not be excessive.
