The above disposal by
D.L. W does not meet the
requirements of the case -
An order referred to is not
in accord with the orders
of the Govt. contained in their
Circulars regarding Classification.

Besides it must be allowed
that the intentions of the
Sanctioning authority must
be better known to themselves
than to the Examiner because
the classification & debit
of charges for works is
certainly more likely to be
correct when settled by
the sanctioning authority
at the time of sanction
than if they were settled at
a later date by an
Officer who may not be
acquainted with the full
circumstances of the case.
Definite orders on this point
may be introduced into the
New M.C. when treating
of the classification & when
time it will facilitate
business if the information
asked for in this G.O. No 224
of 19th June/10 is inserted
on the abstracts of all
Estimates communicated
to this Office. It is therefore
requested that orders to this
effect may issue.

may estimate the
abstract of which may
be sent to him by reference

The argument used is
that "considerable difficulty
has been experienced in
the Secretariat in finding
object" to the orders about
reparation.

I confess I have
seen my experience
of a number of years
difficulty and am
convinced that the
main branches in
my own action the
Sub-Inspector Officer
as also include in the
Executive Engineer must
be but little of their
being considerable
by an Estimate

Correctly
It is primarily the
duty of the Executive
Engineer in sending
into any project to
place at the head of
the Estimate, the

correct title of the
work, the kind of
Service, the Classification
for all more matters of
routine, and I cannot
imagine in the best order
stand how often any
such question can have
arisen or possibly how
the reasons I have noted
can have been assigned

If the Government have
no objection I would now
submit authority to
cancel the S.O. in question
and call attention of
all Officers to the authorized
Form of Estimate and
the necessity for filling
in properly the proper
kind of Service Classi-
fication for themselves
