GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

6th September 1880, No. 2,098 W.

General.
Account.

Read the following paper :—

No. 27. From Lieutenant W. L. C. BADDELEY, R.E., General Superintendent of Presidency Public Works Workshops, to the Chief Engineer, Public Works Department, dated Madras, 15th July 1880, No. 983 W.

I HAVE the honor to append copy of a letter received from the Officiating Chief Engineer, Madras Railway Company, and beg to be favored with orders on the subject.

From H. WEST, Esq., Officiating Chief Engineer, Madras Railway Company, to the General Superintendent of Presidency Public Works Workshops, dated 13th July 1880, No. M 197.

WITH regard to the recent orders of Government limiting the manufacture of lime at their kilns, I have the honor to request that you will be good enough to inform me if, in the event of the Railway Company undertaking to make their own lime, shells could be obtained from Government. It is found that the lime purchased in the local market is of higher price and inferior quality than that hitherto procurable from Government, and this Company has therefore now under consideration the question of erecting kilns for manufacturing lime for its exclusive use.

No. 28. ORDER THEREON, 6th September 1880, No. 2,098 W.

THE Government are not disposed to arrange for supplying the Railway Company with shells, and consider that the latter should be left to make their own arrangements both as regards obtaining shells and making lime.

(True Extract.)

Major, R.E.,
Under Secy. to Govt., P.W.D.

Madras 13th July 1880.

The General Superintendent

P. W. Mather.

Sir

With regard to the recent orders of Government limiting the manufacture of Linc at their Mills, I have the honor to request that you will be good enough to inform me if in the event of the Railway Company undertaking to make their own Linc, shells could be obtained from Government. It is found that the Linc purchased in the local market is of higher price, and inferior quality than that hitherto procurable from Government and this Company has therefore now under consideration the question of erecting Mills for manufacturing Linc for the exclusive use.

I have the honor to be.

Sir

Yours most obedient servant.

/Sigs Henry West.
