GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

10th September 1880, No. 2,131 W.

General.
Account.

Read the following papers:—

No. 45. From Major D. H. TRAIL, R.E., Officiating Examiner of Public Works Accounts, to the Chief Engineer, Public Works Department, dated Madras, 7th September 1880, No. 14 E.W.

I HAVE the honor to forward herewith, in original, letter, No. 203, dated 10th August 1880, to your address received from the Superintending Engineer, Second Circle, and to state that all the objections therein referred to have since been removed, with the exception of that relating to item No. 21, which must stand till explained by the Executive Engineer.

2. The Executive Engineer, in his statement which accompanies the Superintending Engineer's letter, debits a sum of Rs. 501-4-0 to repairs of Tools and Plant as expenditure incurred during the month of June (Rs. 455-12-0), and in July 1879 (Rs. 45-8-0); but, according to the divisional accounts for those months, the outlay is debited to "New Supplies," hence the difference.

No. 45-A. From Major H. R. MEAD, R.E., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department (through the Examiner of Public Works Accounts), dated St. Thomas' Mount, 10th August 1880, No. 203.

With reference to G.O., No. 1,719 W., dated 19th July 1880, I have the honor to report as follows:—

Items Nos. 10 and 15.—Information with regard to these items has already been supplied in my letter, No. 186, dated 26th July 1880.

Item No. 14.—The order conveyed in paragraph 9 of the Government Order under reply apparently refers to this item; hence further action in my office is unnecessary.

Item No. 21.—The Executive Engineer, West Coast Division, reports in his letter, No. 154, dated 29th July 1880, that the expenditure on Tools and Plant, New Supplies, during 1879-80 in the late Nilgiri Division was only Rs. 1,199-14-6 against a grant of Rs. 1,200, and that the Examiner's figures, viz., Rs. 1,701, are wrong. The statement of grant and expenditure submitted by the Executive Engineer is herewith forwarded for information; thus this item is not objectionable.

Item No. 22.—The excess having been sanctioned in G.O., No. 1,548 W., dated 2nd July 1880, further action in my office is unnecessary.

Steps are being taken for the speedy removal of the objections with regard to other items.
