For orders -

A draft order is
 put up in case you
 are willing to dis-
 pose with further
 explanation, but I
 confess that I don't quite
 like it.

The explanation is
 that the money was

kind in order to meet
bills from the P.W. Stores,
but this is no explanation
at all; we want to
know how the tools came
to be ordered without proper

Sir
With reference to the last part of your
memo No 476 of the 1st November last, and your
subsequent memo 1244 of the 29th April last -
repeating the call for explanation as to the
authority by whom tools &c, for which bills are
now due to the Public Works Workshop Madras
were ordered, I have the honor to inform you
that Mr. Peters, Executive Engineer Eastern Division,
states that all requisitions for tools required
in his Division, have been sent to the Superintend-
ing Engineer for approval and despatch to the
Superintendent P.W. Workshops.

2 It would seem from this statement that
definite estimates for such supplies were not
previously sanctioned, and care taken that such
estimates were covered by the necessary

necessary appropriations.

3 I will take care that this is done
in future.
