GOVT.  
MADRAS.

1880.

P.W.  
DEPT.

SECRETARY.

Ootacamund,

Sept. 15<sup>th</sup>, 1880.

OFFICE NOTE.

To

Secretary to Govt.,  
Gen. Dept.  
221/11.

Please note on  
the enclosed letter.

The arrangements  
suggested seem  
adequate. The  
Supt. of Works  
should instruct  
the enumerators  
to note the  
head has been  
understand that  
the "pass" should  
be <sup>carefully</sup> preserved - vide  
"Bengal instructions"  
But it should  
be glad to  
have your opinion

Lock Lascar's huts have  
been rightly num-  
bered by the Kharnam  
and any assistance  
which the P. W. D. of-  
ficers can give prior  
to the day of final  
enumeration must  
be afforded. On that  
day of course they  
must not be ham-  
pered.

The collector has  
been already order-  
ed to supply all the  
necessary forms.

It would probably  
prevent mistakes  
if your officers made  
their proposals and  
arrangements in  
personal <sup>or</sup> commu-  
nication with the  
Collectors or Division-  
al Officers.

And perhaps if  
you issued an order  
that the Dy Superin-  
tendent for Census  
Operations should  
be applied to in  
cases of doubt it would  
save a great deal of  
trouble or you might send  
him communication  
your receive for his  
remarks. He practi-  
cally has the general  
management. 1579/1

No 1099

Superintendent of Works Office Pishua  
Camp Duggirala  
6<sup>th</sup> September 1880  
Despatch

From

The Superintendent of Works  
Pishua

To

The Chief Engineer

P. W. Department

Madras.

Sir

I have the honor, with reference to your  
memo No 339 of the 21<sup>st</sup> August (received 30<sup>th</sup> idem)  
to report that the following are the arrangements I  
would propose, to carry out the orders of Government  
regarding the census:-

I A preliminary enumeration of all people  
employed on the canals on the 15<sup>th</sup> November. This  
will be made by the Delta Superintendents and  
Surveyors, in charge of the various sections.

II On the day fixed for the final Enumera-  
tion, all boats reaching (1) each lock and (2) cer-  
tain fixed places on the Collore and Commamur  
canals, will be stopped until the passengers have  
been counted and the required details regarding  
them ascertained. A pass will then be given to the  
boat to show that the passengers have been enu-  
merated, and it will be allowed to proceed.

III At the hour fixed for the commencement

Regarding the need  
of a preliminary  
enumeration (para: 4).

4. The remarks in para.  
5 & 6 need attention.

157  
157

Attt

15/9/80

In the case of canals  
"the final enumera-  
"tion is all that is  
"required" vide para  
41 of the draft of  
instructions prepa-  
red by the Board  
of Revenue and  
communicated with  
G.O. 14 June 1880  
No 644 R.D. A  
preliminary enum-  
eration is therefore  
unnecessary.

With that excep-  
tion the proposals  
in paras 1, 2, 3 of Mr

Rundall's letter ap-  
pear reasonable.  
He should be refer-  
red to the instruc-  
tions for Bengal com-  
municated with  
G.O. 2 Sept 80. No  
1079 as being gene-  
rally suitable. Any  
remarks which  
the Board of Rev  
may hereafter make  
on these will be com-  
municated ~~hereafter~~.

You will of course  
communicate to  
Revenue the orders  
you may pass on  
these canal census  
references. In doing  
so please draw at-  
tention to such mat-  
ters as those men-  
tioned in paras 5  
of Mr Rundall's  
letter in order that  
the Board & Deputy  
Superintendent  
of Census operations  
may issue the ne-  
cessary instructions  
to prevent clashing.  
I take it that the

commencement of the Census, either an Officer, or a Delta Superintendent, will proceed from each Lock to the next point at which boats proceeding are to be stopped, and will enumerate those employed on boats moved along the Canals.

2 The enumeration in these reaches will occupy 4 to 6 hours.

3 I forward for your information a list of the proposed sections and I have noted at foot, the men available for the duty in each Division. It will be necessary before-hand to tell off each man to a particular section and to instruct him carefully in the work required of him. This will be done.

4 Should these proposals meet with your approval, I will take steps to carry them into effect. It seems to me that a preliminary enumeration in the case of travellers and the shifting population employed on boats is hardly required, on this point however I would request the favor of your orders.

5 I would beg however to point out that unless distinct instructions are given to the Revenue Officers as to what we are to do, there is likely to be either double enumeration or considerable clashing.

6 The village Karmunns have already numbered the Lock Casars' huts among all others in the villages; and today, Mr. Wybrow has been called on by the Collector, to place his subordinates under the orders of the Tahsildars to assist in the Census

Census operations. If the enumeration is to be carried out under the personal orders of each Executive Engineer and his Assistants, it would only complicate matters if any of our subordinates are to be placed under the orders of the Tahsildar, and in fact we require all our own staff to carry out the work we are ordered to undertake. We can of course send the enumeration papers to the Tahsildar for embodiment in the Taluk returns.

7 The Collector will, I conclude, supply us with the necessary printed forms.

8 Only 1 copy of the 2 Government Orders on the subject of the Census has been sent to me.

9 I want 30 copies of the instructions to Enumerators.

I have the honor to be  
Sir

Your most obedient servant

L. R. Parnall  
Superintendent of Works  
Pistna.

PUBLIC WORKS DEPARTMENT,

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the 22<sup>nd</sup> Sept<sup>r</sup> 80

Read the following:—

From  
The Supt<sup>t</sup> of Works } (M.O. No 1099 d/6<sup>th</sup> Sept/80)  
Kistna

The proposals made  
in Mr. Rundall's letter  
appear suitable and  
are approved, except as  
regards the preliminary  
enumeration which is not  
necessary on Canals- vide  
para: 41 of the draft  
of instructions prepared  
by the Board of Revenue,  
communicated with the  
marginal order of Govt.

R.O. Oly No 644 d/11<sup>th</sup> June/80.  
(P.W. No 1485 W d/25<sup>th</sup> June)

2. Mr. Rundall's attention  
is invited to the instructions

for Bengal communicated  
with Rev. Dept. order N<sup>o</sup>. 1079  
of the 2<sup>d</sup> Sept. 1880 as being  
generally suitable. Any  
remarks which the Board  
of Revenue may hereafter  
make on these will be  
communicated.

3. Orders will be passed  
in the Rev. Dept. in regard  
to paras. 5 & 6 of Mr.  
Randall's letter.

4. The Collector has  
already been ordered to  
supply all the necessary  
forms.

5. The Supts of Works  
and other P. W. officers con-  
cerned in the census should  
submit their proposals in personal  
communication with the Collector  
or Divisional officers, referring  
in cases of doubt to Mr. G.  
Stokes, Dy. Supt. of Census  
operations.
