Buildings and Roads.

Civil Works.

Read the following paper :—

No. 137. From Major H. R. MEAD, R.E., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Bhavani, 11th September 1880, No. 272.

I HAVE the honor, with reference to G.O., No. 1,306 W., dated 2nd June 1880, and your memorandum, No. 1,732, dated 16th July, to report that the estimate for the necessary repairs to the Roman Catholic Church, St. Patrick's, at the Mount amounts to Rs. 730. The removal of the mats, &c., will cost Rs. 100, making a total of Rs. 830 for the repairs.

2. The Roman Catholic Chaplain is anxious that venetian windows should be substituted for the present batten ones; the cost of this would be Rs. 420, and I strongly recommend that this be done. I inspected the building last May, and the windows were in a very bad state. Venetian windows, I consider, would be a valuable, and are almost a necessary, addition.

3. The agreement is that half the cost of the repairs are to be paid by the Vicar-General; this sum (Rs. 415) may be deducted from the purchase money. If the windows are removed Rs. 625 should be deducted.

4. I forward an application for Rs. 1,250, being the amount required for the repairs and for the renewal of the windows, and request funds may be granted for that amount under the head of Civil Buildings, Ecclesiastical.

5. Should it be decided that the present old batten windows are to remain, the amount required will be Rs. 830.

No. 138. ORDER THEREON, 24th September 1880, No. 2,243 W.

or a total of Rs. 1,250

2. Half the amount of this sum will, under the terms of G.O., No. 1,306 W., dated 2nd June 1880, be defrayed by the Vicar-General, leaving the other moiety, Rs. 625, to be provided by Government. This amount is now allotted from the Provincial Reserve. The moiety payable by the Vicar-General may be deducted from the purchase money.
