Letter from the Sup. Engineer Third Circle
No. 463 of 28th January 1880.

FOR ORDERS.

It is considered that
the decision of
the Sup. Eng. must be final
~~without appeal~~ in such
cases. ~~and that~~ they
hold that it will be
prejudicial to the interests
of the department for a
P. W. Officer to inspect
any work or building in an
abandoned state, their
opinion must not be gain-
said.

3^d Circle Super Engineer's Office
Chepauk 28th January 1880.

From

W^o/

The Superintending Engineer
3^d Circle.

To

The Chief Engineer
Public Works Department.

Sir,

I have the honor to inform you that the Superintendent of Police North Arcot has requested the Executive Engineer to inspect a Police Station house situated in one of the abandoned Taluqs. and over 70 miles from Vellore. There is at present no officer of this Department within 50 miles of the Building in question. As the whole of the journey will have to be by road it will take six days to get the Building inspected and there will be no other works to inspect as the Taluqs on the way are abandoned. I would suggest therefore that in cases such as

that under notice. the officers
of the Department concerned
should inspect the works, other-
wise much valuable time will
be lost to this Department. I
request however your early in-
structions on the subject.

I have the honor to be
Sir

Your most obedient servant

Henry W. Hunt Major &c.

Adj. Gen. Engineer, 3^d Circle.
