GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

2nd November 1880, No. 2,504 W.

Buildings and Roads.
Civil Works.

Read the following papers:—

No. 3. From the Superintendent of Works, Buckingham Canal, dated 24th September 1880, No. 1,699.

No. 3-A. From H. W. BLISS, Esq., Commissioner of Salt Revenue, to the Deputy Chief Engineer, Public Works Department, dated Ootacamund, 22nd October 1880, No. 7,052.

I HAVE the honor to return herewith the estimate, specification, and plan for the repairs and protective works to the Kandadu lattice bridge, forwarded with your endorsement No. 2,286, dated 12th October 1880, with the remark that I do not understand why the Superintendent of Works, Buckingham Canal, has classed the work under the head of "Salt." It was ordered by Government some time ago that if a new bridge was built the cost thereof should be equally divided between the Local Fund Board and the Salt Department, but I know of no reason why this Department should pay any part of the cost of the repairs of this bridge, which forms a part of a Local Fund road.

No. 4. ORDER THEREON, 2nd November 1880, No. 2,504 W.

THE estimate, amounting to Rs. 1,140, for repairs and protective works to the Kandadu lattice bridge is sanctioned.

2. Orders will issue in the Financial Department as to the fund against which the charge should be debited. Pending a decision on this point the registry and classification of the sanction will be kept open.
