GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

9th November 1880, No. 2,571 W.

General.
Establishment.

Read the following papers:—

No. 43. From Lieutenant-Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, First Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 14th October 1880, No. 2,171.

At Madanapalle there is an old Taluk Cutcherry which the Collector of Cud-dapah states is of no use in the Revenue Department, and should be sold if a reason-able price can be obtained. The Sub-Collector has informed the Executive Engineer that he has received an offer of Rs. 1,325 for the old building, and this is considered a good offer the site being of value for building shops upon the demolition of the Cutcherry buildings.

2. There is a new Tahsildar's Cutcherry and the old one is reported to be fast falling into decay, so that the Sub-Collector has recommended that steps should be taken to sell the old building as it stands, or else to dispose of the materials. The latest valuation of the Cutcherry was given at Rs. 4,000 some time ago, but must be much less now.

3. The only use the old Cutcherry could be put to in the Public Works Depart-ment would be to serve as a tool-shed, instead of a private house, which is rented at Rs. 8 a month, on the authority given in G.O., No. 2,934 W., of the 22nd November 1879. But as the old building will require to be repaired if kept as a tool-shed, and a good new tool-shed can be built for the money offered, Rs. 1,325, I am of opinion that the old building had better be sold as it stands. I have the honor to request that orders may be passed for the disposal of the building.
