No. 51. Endorsement of the Secretary to Government, Military Department, dated Ootacamund, 4th November 1880, No. 7,009.

From Brigadier-General H. O'CONNELL, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 3rd November 1880, No. 1,520.

In forwarding letter No. 111, dated 13th October 1880, from the Officer Command-

States that the bullock-sheds at Bellary are in a very bad condition and submits two estimates for their repair. The Executive Commissariat Officer states that he can execute the repairs for Rs. 277-12-0 plus cost of grass for thatching, and asks that a sum of Rs. 300 or 350 be sanctioned for the purpose.

ing Ceded Districts, I have the honor, by order, to submit for the consideration of Government the recommendation of His Excellency the Commander-in-Chief that the correspondence be transferred to the Public Works Department with the view to a grant being made, if possible, of the amount required by the Commissariat

Department for carrying out the repairs of the bullock-sheds at Bellary. The work to be carried out under the superintendence of the Commissariat Department, which Department should render accounts of the work done to the Public Works Department.

From Colonel E. M. LAWFORD, Commanding Ceded Districts, to the Quartermaster-General, Fort St. George, dated Bellary, 13th October 1880, No. 111.

I HAVE the honor to submit, for the consideration of His Excellency the Commander-in-

Public Works Department Estimate Rs. 1,048.
Statement of repairs required.
Detailed estimate of repairs.
Executive Commissariat Officer's Estimate Rs. 277-12-0.
Commissary-General's letter, No. 4,680, dated 1st September 1880 (copy).

Chief, the accompanying estimates for the repair of three bullock-sheds of the Commissariat Department at this station, viz., one prepared by the Public Works Department amounting to Rs. 1,048, the other prepared by the Commissariat Department and amounting to Rs. 277-12-0. In both cases the labor is

* supposed to be given by the Commissariat Department, the public cattle attendants being employed in carrying out the repairs.

2. The bullock-sheds of the Commissariat Department are in a very bad condition, the roofs are almost entirely gone, and afford no protection whatever to the animals placed inside them, and if left much longer without repairs the sheds will probably come down altogether. In 1875 the then Executive Commissariat Officer applied for the erection of new sheds, and this work has been entered in each succeeding list of works for entry in the Public Works Department Budget estimates from that year up to 1878, when His Excellency made the following remark on it, "To be postponed. The Artillery horses, which are more valuable animals, have no stables yet." In consequence of this these sheds have been omitted from the subsequent lists. The Executive Commissariat Officer is now desirous to carry out the repairs to these sheds departmentally, and states he can do so if a sum of Rs. 300 or 350 be sanctioned for the same.

2 PUBLIC WORKS DEPARTMENT, 11TH NOVEMBER 1880, No. 2,591 W.

It will be observed that the Public Works Department estimate the cost of the repairs at more than three times the amount for which the Commissariat Department is prepared to undertake them and at a cost exceeding the present value of the buildings, while the Commissariat Officer's estimate is less than a third of their value.

TRANSFERRED to the Public Works Department.
