There are a number of variations in the way to do FDB. The computer can be utilized in different ways. For example, the computer can be utilized as a theorem proving machine, if any. For example, method A of [1] and [2] can be used as the process of the proof. The method proposed in [3] is a hybrid of the two variations of the way to do FDB.

Signature of Secretary to Government
Signature of Examiner, P.W. Accounts

Explanation of necessity for modification of allotments.

The amounts herein applied for are required for urgent repair works—

Salim Sn.

There is an estimate of Rs 3630 now sanctioned for repairing the South and West sides of the shed lines at Remount Depot. It is desirable that this work should be carried out in the current official year if funds are available and it is proposed to allot Rs 1000 at present. Rs 500 are intended as reserve for petty urgent repair works.

Chingleput Sn.

The provision of Rs 2000 in P.M.G. No. 2360 W. of 13th Dec 1880 against the demand of Rs 7000 is hardly sufficient even for the repair estimates already sanctioned. There are estimates nearly to the extent of Rs 5000 already prepared and they are rather of an urgent nature hence the necessity for the re-application.

M. M. M.
Superintendent Engineer,
Chingleput Sn.

N.B.—If there is not room here for the whole of the explanation an additional half sheet or more of fool-cap should be added, and the explanation should be continued thereon.
