GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

22nd November 1880, No. 2,661 W.

Buildings and Roads.
Civil Works.

Read the following paper :—

No. 74. From Lieutenant-Colonel J. BEATTY, R.E., Superintending Engineer, Third Circle, to the Chief Engineer for Irrigation, dated Trichinopoly, 4th November 1880, No. 623 S.A.

With reference to your remarks on Mr. Rundall's Inspection Notes of 9th June

1. Road on the Vadavam bank, 10 miles at 100 rupees per mile.
2. Road on the Coleroon bank, 20 miles at 100 rupees per mile.
3. Portion of road from Shatiatope to Omampuliyur passing over the Veeranum tank bank (from Mannargudi up to the calingulah at the end of tank bund,) 11 miles at 100 rupees per mile.
4. Road from Vriddhachalam road, 11th mile to Kundeamullur by Perumal tank bank, 3 miles at 50 rupees and 7 miles at 20 rupees.

1880, regarding maintenance grants from Local Funds for top surface of river or channel embankments used as roads, I have the honor to inform you that the Executive Engineer reports that the Local Fund Board, South Arcot, have agreed to place at the disposal of this Department the unexpended balances of the roads or top surface of embankments noted in the margin, on condition that no charge will be made for Public Works supervision.

2. The Executive Engineer addressed the Examiner of Public Works Accounts whether there is any technical objection to the above course, and he, in reply, stated that, under G.O., No. 1,456, of the 30th April 1877, provision for Public Works supervision and tools and plant should be made in addition to the balance of grants from Local Fund Works that may be transferred to this Department. The Local Fund Board are unwilling to bear any additional charge for supervision by this Department, inasmuch as they have their own engineering establishment and that they can carry out the works themselves.

3. The banks along which the above roads run have hitherto been maintained by this Department as irrigation works; and no special establishment will, it is considered, be required for the supervision of these roads, and the balance of the Local Fund grants of the above roads now available for transfer to this department is Rs. 3,820. Under these circumstances I request your instructions on the subject, as to whether this Department should undertake the upkeep of the roads in question without any charge for Public Works supervision, or leave the Local Fund establishment to do the work.

No. 75. ORDER THEREON, 22nd November 1880, No. 2,661 W.

THE contribution which the Local Fund Board, South Arcot, propose to make for the upkeep of the top surface of river and channel embankments used as roads will be accepted without any charge for Public Works supervision.

From

Lieut Colonel J. Beatty, R.E.

Superintending Engineer, 3rd Circle,

To

Colonel J. Mullins R.E.

Chief Engineer, for Irrigation
Madras

Sir,

With reference to your remarks on Mr Rundall's Inspection notes of 9 June 1880, regarding maintenance grants from Local Funds for top surfaces of River & Channel Embankments used as Roads, I have the

1. Road on the Vadavaram Bank 10 miles at 100 Rupees per mile.
2. Road on the Coleroon Bank 20 miles at 100 Rs per mile.
3. Portion of Road from Shatlatope to Orampuliyur passing over the Veeravaram Bank bank (from Maunargudi up to the Calingulah at the end of tank bund) 11 miles at 100 Rs per mile.
4. Road from Viddhaachalem Road 11 miles to Rundaammullur by Perumal Tank bank. 3 miles at 50 Rs & 7 miles at 20 Rupees —

honour to inform you that the Sec. Chief Engineer

reports that the Local Fund Board South Arcot have agreed to place at

the disposal of this Department the unexpended

balances of the roads or top surfaces of embankments noted in the margin, on

Condition that no charge will be made for P. W. Supervision.

2. The Executive Engineer addressed the Examiner of P. W. Accounts whether there is any technical objection to the above course, and he in reply stated that, under G. O. No 1456 of the 30 April 1877, provision for P. W. Supervision and Tools and Plant should be made in addition to the balance of Grants from Local Fund works that may be transferred to this Department. The Local Fund Board are unwilling to bear any additional charge for supervision by this Department, inasmuch as they have their own Engineering Establishment and that they can carry out the works themselves.

3. The banks along which the above roads are running, have hitherto been maintained by this Department as Irrigation works; and no special Establishment will, it is considered, be required for the supervision of these roads, and the balance of the Local Fund Grants of the above roads now available for transfer

transfer to this Department ^{266/13} 3820.
Under these circumstances I request your instructions on the subject, as to whether this Department should undertake the upkeep of the roads in question without any charge for P. W. Supervision, or leave the Local Fund Establishment to do the work -

I have the honor to be
