The undersigned is directed, with reference to the memorandum from the Public Works Department, No. 456 M.W., dated the 27th July 1880, to state that the Military Department has no objection to the white-washing of *pucca* built barracks being, as suggested, restricted to once a year, an additional coat to a height of 8 feet all round the lower portion of the walls being, however, given in special cases during the interval between the annual washings, if required, but considers that all barracks the walls of which are of sun-dried bricks or mud, and all hospitals and guard-rooms the occupation of which is continuous throughout the day and night, should, as at present, be white-washed twice a year.
