Divisional Office at Duggirala in the Kistna
Western Delta.—The estimate for construct-
ing a — sanctioned with remarks.

No. 1194.

Sup^t of Works Office Kistna
Camp Kankupad
15th September 1880.
Dated 16th do
From The Superintendent of Works Kistna

To The Chief Engineer
for Irrigation
Madras

Sir

I have the honor to forward herewith plans and Estimate and report for the construction of the Office for the Western Division at Duggirala.

2 I have included in the Estimate the sum required for the purchase of the land required both for Office and Residences on the site approved by you.

3 The collector having informed me that the present holders of the land asked Rs 100 per acre for giving it up, I have entered this sum, but recommend that the land be taken under the Land Acquisition Act. The schedule attached to the Estimate will enable the required notice to be inserted in the Fort St. George Gazette.

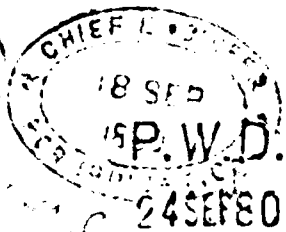

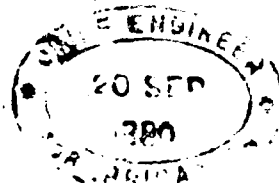

4 The Estimate for the Office is more than the Rs 11,000 stated by Colonel Hasted in para 11 of his letter printed in G. O. No 931 of the 20th June 1877. This is probably due to the high rates for timber, and cut stone floor.

I have the honor to be
Sir

Your most obedient servant

J. W. Pundarik

KEEP WITH.

Current No 6049

Letter No 1194

Dated the 15th September 1880.

from the Supdt of Works
Kistna.

Note of Remarks.

The Estimate with Plan
Specification & report for Con-
structing Office for the Kistna
Western Division at Duggirala,
amounts to Rs 16,800.

The design is similar to
that of the building already
constructed at Chittipet for
the Godavari Western Division
Office.

The building consists of
the following rooms.

1 Executive Engg room	24x18
2 Asst do do	18x18
1 Writer do	30x18
1 Draughtsman's do	24x18
2 Bath rooms each	7 1/2 x 7 1/2
1 Bath room	13 1/2 x 7 1/2
1 Instrument room	13 1/2 x 7 1/2

The Rates allowed for brick
work & carpentry are high, these
rates are charged by the Bezunda
workshop. The other items of
rates agree more or less with
the Dist schedule.

A sketch plan of the site
has been furnished.

In G.O. No 93 I. dated 20th
June 1877. Rs. 11,000 was allowed
therefor.

Sanctioned for the Construction of the District Office at Duggirala.

2208
4

Papers 2929. The Cost of the whole block of land required both for Office & Residence for 3 Officers, has been included.

Supst. & Landings have been charged at 7 1/2 per Cent.

30th September 1880.

The present Estimate is 50 per Cent in excess of the sum sanctioned viz. 0 93. I. of 20 June 77.

The extent of land to be taken up also seems to call for notice.

From

The Superintendent of Works
Kishna

To

The Chief Engineer
P. W. Department
Madras.

Sir

5-005

I have the honor to acknowledge the receipt of your No 429 of the 13th September, furnishing a précis of the correspondence which passed with reference to the designs and Estimates for the Officers' quarters at Duggirala and Begnada.

2 I have had a further search made in my Office, but regret to say that neither the papers quoted by you, nor the plans can be discovered.

3 -- The only man in my Office, who was in the Office of the late District Engineer Kishna, states that he remembers there was a file of correspondence on the subject of these Bungalows, which was given to Supervisor (now Sub Engineer) Mahomed Cassim Sahib for the preparation of the Estimates. The file I am informed was handed over by Mahomed Cassim to Mr. Peters, but appears now to have

been finally lost.

4 The only paper to be found on records now, is a survey of the site between the main canal and the River at Bezwada with sections of the ground. This is signed by Mr. Peters; the plan has been partially taken by white ants, and the date has thus disappeared.

5 In order to enable me to prepare estimates for three Residences, I request you will be good enough to forward fresh designs.

6 While I was at Bezwada recently, I made enquiries regarding the site selected for the Residences, and was told that Colonel Haskes had fixed on a site near the head of the Collore Canal. This site is shut in by hills to the north and west, and by the high bank of the Collore Canal to the south. Besides which disadvantages, it is a long way from the office which has already been built.

7 I have myself no doubt that the best site would be to the south of the present office between the main Canal and the River. This will however involve extensive foundations, as the masonry will have to be carried down to the natural ground. The Division Office built a year ago has cracked badly.

It appears the Indian Division, the site

has been selected, approved by the Chief Engineer for irrigation, and proposals for its purchase were forwarded with the Division Office to that effect on the 15th ult.

I have the honor to be

No. 1649. Capt^l of Works Office Kistna
20th Malakpattan
30th October 1880.
Depd 1st Nov 1880

From The Superintendent of Works
Kistna
To The Chief Engineer
P.W. Department
Madras.

Sir
With reference to your memo No. 2246
of the 5th Instant, I have the honor to for-
ward herewith, a revised site plan
and schedule for the land proposed to
be taken up for the Office and Officers'
Residences to be constructed at Duggirala
in the Western Division.

2 The area now shown to be required
for the Office and 3 Bungalows is 13.55, a-
gainst 27.27 acres originally proposed.

3 I may state, that the previous
site plan, had been drawn up prior to
my arrival, and had, I was informed, been
approved by the Chief Engineer for Irriga-
tion; but I have no doubt that the smaller
area now applied for will give ample accom-
modation for the Office, and for Bungalows
and out-houses.

4 As regards the rate of compensation to be entered in the Estimate, Mr. Hybron has put down Rs 40 for dry land, and Rs 70 for wet land in the Schedule now forwarded. The Collector of the District having reported that the holders asked Rs 100 per acre, it will be necessary to take the land under the Act. I hardly suppose the holders will get more than Rs 60 to 70 per acre all round, and therefore if Rs 948-8-0 = (13.55×70) ^{acres Rs} be entered in the Estimate, it will probably cover the cost of the land.

5 The original plan received with your memo is herewith returned.

I have the honor to be
