No. 9. From Major H. M. VIBART, R.E., Superintendent of Works, Presidency, to the Chief Engineer, Public Works Department, dated Chepauk, 15th November 1880, No. 2,995.

I HAVE the honor to bring to your notice that in May last the Roman Catholic Chaplain at Bangalore submitted a bill, amounting to Rs. 1,420-8-0, for compensation for sittings in St. Patrick's church for the year 1879-80. whether this was correct a reference was made to you on the subject in my letter No. 1,346 of 3rd July 1880, and it was subsequently decided in Government of India despatch, recorded in G.O., No. 2,036 W., of 27th August 1880, that such claims are not admissible.

2. Upon the receipt of this Government Order the Roman Catholic Chaplain was requested to revise his bill by omitting the claim made on account of pensioners, and he was also informed that the number of sittings for which payment should be claimed should be regulated in accordance with the authorised scale as per paragraphs 1,457 and 1,430 of the Public Works Code.

3. The Roman Catholic Chaplain considers that the ruling in the Government Order above quoted cannot have retrospective effect on a claim in arrears for the year ending 31st March 1880. With regard to the number of sittings for which he should claim payment, the Chaplain remarks that the strength of heavy field batteries and light field batteries being equal, viz., 163, the maximum of sittings to be allowed for both should also be the same, viz., 50, the more so as 33 sittings are allowed for each Company of Infantry. And again, that though the total of sittings, viz., 139, claimed by him for both the 2/13th and 67th is in excess of the number, viz., 99, to which he has a right, the men forming three Companies; still as seven-eighths of the 73 children and 32 women of the 67th belong to the families of men in the field, they are entitled to be provided with sittings by Government.

4. Under the above explanations the Chaplain has not revised the bill, and has requested that if the explanations are not considered satisfactory the matter may be referred to Government. As the question is one that can be finally disposed of only by the decision of Government, I beg that their orders may be obtained.

PUBLIC WORKS DEPARTMENT, 2ND DECEMBER 1880, No. 2,776 W.

From Rev. S. DEKERIZOUES, Roman Catholic Chaplain and Honorary Secretary, Catholic Mission, to the Executive Engineer, Bangalore, dated Bangalore, 27th October 1880.

In answer to your communication No. 471, I have the honor to state for the information of Colonel Prendergast—

1st.—That the G.O., dated 27th August 1880, cannot have any retrospective effect concerning a claim in arrears for the year ending 31st March 1880.

2nd.—That the strength of heavy batteries being 163, i.e., the same as for light batteries, the maximum of sittings should be 59 in both cases, the more so that we are granted 33 for each Company of Infantry.

3rd.—That my total of sittings for both the 2/13th and 67th is only 139. The men forming only three Companies do only give me a right to 99 sittings; but seven-eighths of the 73 children and 32 women of the 67th brought on my roll remain to be provided for, as not belonging at all to the garrison and to whom Government must be supposed to grant sittings during the absence of the men in the field; besides there were two Companies more of the 2/13th till December 1879.

2. In case these explanations did not satisfy the Superintending Engineer, I beg the matter be referred to Government for decision, and rescission of the evident oversight in the new edition of the Public Works Code concerning the sittings of heavy field batteries.

P.S.—If, as I am told, the new Code for 1880 has not been issued before the 1st April, it does not at all affect my claims for the year 1879-80.

No. 10. ORDER THEREON, 2nd December 1880, No. 2,776 W.

As regards the claim for compensation for sittings provided on account of pensioners, it has been decided by the Government of India that such claim is inadmissible. It cannot therefore be entertained.

2. With reference to the number of sittings to be allowed for a heavy field battery, the Code prescribes 25 (*vide* paragraph 1,430). Nothing beyond this can be sanctioned.

3. The Chaplain also claims payment for 139 sittings on account of three Companies of Infantry and the wives and families of men in the field. Under paragraph 1,457 of the Code the number of sittings allowed for three Companies is $33 \times 3 = 99$. The question will however be referred to the Government of India as to whether compensation should be granted for sittings provided for the wives and families of men in the field.

Sir

In answer to your communication No 471 I have the honor to state for the information of Col. Prendergast 18th that the G.O. dated 27th August 1880 cannot have any retrospective effect concerning a claim in arrears for the year ending 31st March 1880. As regards the compensation provided on account of it has been the Government's policy that the strength of heavy batteries being 163, i.e. the same as for light batteries, the maximum number of sittings should be 50 in both cases, the more so that we are in any ruling-granted 33 for each company of infantry is inadmissible. 3rd That my total of sittings for both was first the 2/13th and 67th is only 139. The rules in force for men forming only 3 companies do provide for only since one a right to 99 sittings; but 70 of the 73 children and 32 women of the 67th ^{brought} ~~were~~ on sittings my roll remain to be provided for a Heavy for as not belonging at all to the the Code-garrison, and to whom Government prescribes

must be supposed to grant sittings during the absence of the men in the field; besides there were two companies more of the 2/13th till December 1879.

2. In case these explanations did not satisfy the superintending Engineer I beg the matter be referred to Government for decision and revision of the evident oversight in the new edition of the P.W. Code concerning the sit-ting of heavy field batteries

I have the honor to be
Sir

Your most obedient st.

P.P. If as I am told, the new P.W. Code has not been issued before the 1st April, it does not at all affect my claims for the year 1880.

FOR ORDERS.

As regards the claim for compensation for sittings provided on account of Pensioners, it has been decided by the Government of India that such claim is inadmissible. There is no question of giving retrospective effect to any ruling.

If the claim is inadmissible now, it was inadmissible at the time it was first advanced; the rules in force never having provided for such charges.

2. With reference to the number of sittings to be allowed for a Heavy Field Battery, the Code prescribes

R.P.

prescribes 25. (Vide para 1430).

Nothing beyond this can be sanctioned without the concurrence of the Govt. of India, and the modification of the Code rule.

3. And lastly the Chaplain claims payment for 139 sittings on account of three Companies of Infantry, he being under the rules entitled to payment for 99 only ($33 \times 3 = 99$). Vide Section 1457 of the Code. The ground upon which he endeavours to support his claim would seem rather to weaken it. It appears that many of the men are in the Field. They cannot in this case occupy the sittings in his Church. No rule is quoted under which Government are expected to provide sittings for the wives and children of soldiers independently

of the men

As regards the claim for compensation for sittings provided on account of Pensioners, it has been decided by the Govt. of India that such claim is inadmissible - It cannot therefore be entertained.

2. With reference to the number of sittings to be allowed for a Heavy Field Battery, the Code prescribes 25. (Vide para 1430). Nothing beyond this can be sanctioned.

3. The Chaplain also claims payment for 139 sittings on account of

R.S.

of three companies of
Infantry - and the wives
and families of men in
the Field - Under para
1457 of the code the
number of sittings allow-
ed for 3 Companies is 33×3
= 99 - The question will
however be referred to the
Government of India
as to whether compensation
should be granted for
sittings provided for the
wives and families of men
in the Field.
