4. It is thus observed that the demand for Imperial Other Services exceeds the grant for those services for 1880-81 by Rs. 12,06,311, whereas financial requirements make it absolutely necessary that the grant for the ensuing official year should not be more than Rs. 29,52,490, or Rs. 9,99,591 less than the demands made. Some of the demands must, therefore, be reduced; and the following sums only have been allotted to the Provinces named :—

	RS.
Madras :—	2,00,000
New Post and Telegraph Offices, Madras ..	11,100
Telegraph Office, Ootacamund ..	3,000
Minor Works, Telegraph ..	7,000
Minor Postal Works ..	12,556
Salt Works at Merkanam and Ennore ..	10,000
Minor Works other than Postal and Telegraph ..	16,000
Repairs, Other Services ..	2,59,656
Establishment at 25 per cent. ..	64,914
Tools and Plant ..	6,491
Total ..	3,31,061

In Public Works Department No. 886 A.—G., dated 8th September 1880, the Government of Madras was informed that the Government of India would have no objection to provision being made in the Postal, Telegraph, Salt and Marine budget-estimates for outlay on petty construction and repair of civil buildings costing under Rs. 1,000 each, provided the Heads of the Departments concerned agreed to the procedure. The Director-General of Post Offices having objected to this proposal, the procedure hitherto followed regarding postal buildings must be continued.

From the demand for Repairs a sum of Rs. 6,000 on account of the Vedarni Canal has been disallowed, as the work is a provincial one (vide letter from the Government of Madras, No. 1,742 W., dated 1st July 1879). Further, the Vedarni Canal cannot be shown as an Other Services work, but should be provided* for in the Provincial Irrigation and Navigation Budget.

* Circular No. V P.W., dated 18th January 1880.

6. The grants herein allowed include provision for expenditure in England on stores for works classed under Other Services. The budget estimates should be prepared accordingly and submitted so as to reach this office punctually on 15th January 1881.

ORDER.—Ordered, that this Resolution be communicated to the several Governments and Administrations noted in the margin, to the Director-General of Telegraphs, the Director-General of Post Offices, and Inspector-General of Military Works for information and guidance.

Ordered also, that a copy be forwarded to the Department of Finance and Commerce and the Military Department for information.

(Signed) A. FRASER, Major-Genl., R.E.,
Secretary to the Govt. of India.

The Pulyankal catch-drain at Merkanam having been reported as completed, the amount (Rs. 4,502) allowed for it by the Government of India will, for the present, be added to the Minor Work grant under Salt. As the assignment made for Salt Works has been found insufficient, the Government of India have been separately addressed as to the desirability of increasing it.

3. The figures for all Provinces may be further arranged by "Departmental Heads," and regrouped as follows:-

	WORKS.		REPAIRS.		ESTABLISHMENT.		TOOLS AND PLANT.		TOTAL.	
	Demand, 1880-81.	Grant, 1880-81.	Demand, 1880-81.	Grant, 1880-81.	Demand, 1880-81.	Grant, 1880-81.	Demand, 1880-81.	Grant, 1880-81.	Demand, 1880-81.	Grant, 1880-81.

Tools and Plant	...	...	...	...	...	...	...	...	...	...
Total	...	...	...	...	...	...	...	...	...	...

4. It is thus observed that the demand for Imperial other services exceeds the grant for those services for 1880-81 by Rs. 12,06,311, whereas financial reparations make it absolutely necessary that the grant for the ensuing official year should not be more than Rs. 20,52,190, or Rs. 9,99,591 less than the demands made. Some of the demands must, therefore, be reduced; and the following sums only have been allotted to the Provinces named:-

New Post and Telegraph Offices, Madras	...	2,00,000
Telegraph Office, Outeranand	...	11,100
Minor Works, Telegraph	...	2,000
Minor Postal Works	...	7,000
Salt Works at Madras and Pinner	...	12,556
Minor Works other than Postal and Telegraph	...	10,000
Establishment at 25 per cent.	...	2,59,056
Tools and Plant	...	61,914
Total	...	3,31,601

In Public Works Department No. 356A.G., dated 8th September 1880, the Government of Madras was informed that the Government of India would have no objection to provision being made in the Postal, Telegraph, Salt and Marine budget-estimates for outlay on petty construction and repair of civil buildings costing under Rs. 1,000 each, provided the Heads of the Departments concerned agreed to the procedure. The Director General of Post Offices having objected to this proposal, the procedure hitherto followed regarding postal buildings must be continued.

From the demand for Repairs a sum of Rs. 6,000 on account of the Vedar-niem Canal has been disallowed, as the work is a provincial one (vide letter from the Government of Madras, No. 1712W., dated 1st July 1879). Further, the Vedar-niem Canal cannot be shown as an Other Services work, but should be provided for in the Provincial Irrigation and Navigation budget.
