Establishment.

Read the following paper:—

No. 37. From G. T. WALCH, Esq., Superintendent of Works, Godavari, to the Chief Engineer, Public Works Department, dated Dowlaiswaram, 19th November 1880, No. 2,407.

With reference to G.O., No. 2,606 W., 12th November 1880, I have the honor to state that it is quite impossible that the steamer *Prince* can be sent to Cocanada till next year's freshes rise sufficiently high to allow of her being taken over the anicut, because, even without her paddle-boxes, she is some $5\frac{1}{2}$ feet wider than our biggest locks, and $10\frac{1}{2}$ feet wider than the head lock.

No. 38. ORDER THEREON, 7th December 1880, No. 2,826 W.

COMMUNICATED to the Master Attendant, through the Marine Department, in continuation of G.O. in that Department, No. 549, dated 3rd November 1880.
