Master Attendant,

Administrative Department,

Madras.

To

The Honble R. Davidson C. S. I.

Chief Secretary to Government,

Marine Department,

Fort Saint George.

Sir,

I have the honor to submit the accompanying estimates submitted by the Superintendent of the Marten lighthouse, one amounting to Rupees (92) ninety two, for the usual repairs required to be executed after each monsoon; and the other for Rupees (125) one hundred and twenty five, for the purchase of corrugated iron sheets required to cover the Cook room, which he reports is quite close to the other buildings, all having leaf roofs, and he is afraid that a spark might at any time cause the destruction of the whole property. The price of the iron is very moderate, and it will probably realize the same amount when it is no longer required.

required in the construction of the permanent
buildings in connection with the new
lighthouse.

2 The total amount of the proposed
expenditure is Rupees (214) two hundred
and seventeen, and I solicit that an
allotment may be sanctioned from the
sum of Rupees (1803) one thousand eight
hundred and three for minor works pro-

posed in the Budget Estimate.

Respectfully,
Yours truly,
